

GRAND JURY WILL PROBE BLACKMAIL

Chicago Bellboy Confesses to Part in Plot to Defame Funk

SACRIFICED HIS WIFE

Allowed Her Name to Be Sacrificed in Framed Up Scandal for Money from Funk's Enemies.

(ASSOCIATED PRESS TELEGRAM) Chicago, Oct. 3.—Indictment of the men "higher up" in the alleged plot to blacken the reputation of Clarence S. Funk, former general manager of the International Harvester company, was promised by the state's attorneys office today. Grand jury action it was said would follow testimony of John C. Henning who confessed yesterday that his unsuccessful suit against Funk charging alienation of the affections of Mrs. Henning was the result of a plot concocted after Funk had appeared before the senate investigating committee as an anti-Lorimer witness. Henning has been promised immunity.

State's Attorney Hoyne planned a further interview with Henning in the presence of counsel for Funk today. In his confession Henning said that during the year he has been a fugitive from a charge of perjury he has been liberally supplied with money.

Mrs. Henning confessed to her share in the alleged conspiracy some months ago. She was employed as a checker at a prominent local hotel where Henning was a bellboy. Henning corroborated the confession of his wife, which was made several months ago and which resulted in the indictment of Attorney Daniel Donahue, alleged to be the go-between who furnished the money, Miss Allen Hepler, a witness and Isaac Steiffel, a detective. Henning confessed, according to Mr. Hoyne, that Mr. Funk had been singled out because of the testimony he gave in the Lorimer case.

After the senate failed to oust Lorimer at the first hearing, Mr. Funk told of a conversation with Edward Hines in the Union League club. He said the conversation took place a few days after Mr. Lorimer's election and that Mr. Hines said "we put Lorimer over but it cost \$100,000." This was followed, Mr. Funk said, by a request that the International Harvester company pay \$10,000 of this amount.

"I was promised a big sum of money, if I would file suit against Funk, charging him with having alienated my wife's affections," said Henning. "I was out of work and they offered me so much money that I fell for their game. I couldn't get my wife to agree, but Allen Hepler worked on her and she gave in. After the suit was filed we went to Mobile, Ala., but reporters found us and we had to frame up some evidence and go to trial. That is where the detective came in who got the bellboy to swear that my wife and Mr. Funk were served with drinks at the Grand Pacific hotel. I never saw Funk until the trial started. When we lost, I got a tip there was a warrant out for me and I slipped out of the room. We were furnished money to leave town and I have been traveling on their money ever since."

WOULD CHANGE THANKSGIVING TO NOVEMBER 19

(ASSOCIATED PRESS TELEGRAM) Springfield, Ill., Oct. 3.—Governor Dunne will call a conference of leading citizens of Illinois, next week to consider the proposition of addressing a memorial to President Wilson asking him to fix Wednesday, Nov. 19, as Thanksgiving day for this year.

Nov. 19 will be the fiftieth anniversary of the delivery by Abraham Lincoln of his Gettysburg address. The movement, it was said, has the endorsement of United States senators, Sherman and Lewis of Illinois.

LADY GRATTON IN FIRST MONEY CLASS AT GRAND CIRCUIT

(ASSOCIATED PRESS TELEGRAM) Columbus, Oct. 3.—Grand circuit judges today called off the fifth heat, 2:12 trot, the Buckeye stake for \$5,000, in which four heats were raced yesterday, ruling the race closed after the fourth heat. This gave first money to Lady Gratton, (Cox), who won the second and third heats yesterday. Fan Patch (Snow), took second money, Tommy Horn (McDonald) third, and Vaster (Spencer) fourth.

Bond Issue for Proposed Subway Is Meeting With General Favor Over City

It is amazing to find the general sentiment in favor of the elimination of grade crossings of the railroads from First to Sixth streets. This is evidenced by the readiness with which large numbers of business and professional men of the city have signed statements to the effect that they favor the issuing of \$240,000.00 of city bonds which will be the city's share of the cost of the proposed improvement. The movement is taking on city wide proportions and means a greater Newark and will eventually mean a great benefit to every section of the city.

Every movement of this character must have its place of beginning and it was the unanimous opinion of the engineers representing both the city and the railroads that the project should commence through the center of the city, after which grade crossings in other parts of the city could be eliminated. The elimination of the crossings from First to Sixth streets as planned look forward to and become a part of the elimination of all of the present grade crossings of the city.

A fact not heretofore mentioned in connection with this work but one worthy of consideration is the fact that the elimination of these crossings will add to the efficiency of the work done in our public schools, as absence and tardiness will be reduced to the minimum with school children who are now compelled to wait for trains at these crossings.

The bond issue of \$240,000 is a final estimate and the fears of some that it will mean a continuation of the advanced taxation from time to time are absolutely unfounded. This amount will certainly cover the share of the construction of this improvement, or thirty-five per cent of the total cost of the joint work. The railroads not only pay the other sixty-five per cent but contemplate improvements amounting to about \$300,000, for which they pay without any aid from the city; thus it will be seen that the entire cost of the improvement will be nearly a million dollars and engineers familiar with work of this character estimate that sixty per cent of this amount will be paid in Newark for labor, material and supplies.

The proposition means a better city in every respect, and the most advanced thinkers along the lines of municipal betterment are most enthusiastic in its support.

Crowds Throng Arcade As "Made in Newark" Show Nears Its End

A sardine packer could not have crowded many more people into the Arcade Thursday night. Not since the construction of this building has there ever been as many people under its roof. It was simply packed from one end to the other, the crowd even extending to the end of the Annex in West Main Street. Thursday night's show alone was sufficient proof of the success of the "Made in Newark" show which has been going on all week, and which is participated in by a total of sixty-nine manufacturers and producers operating factories in Newark.

Several features were offered Thursday evening for the entertainment of the visitors besides the interesting displays of the exhibitors. The Buckeye band rendered "Made in Newark" music and received much applause from the thousands who packed the Arcade. The musicians played from both balconies in the Arcade proper besides giving several selections in the Arcade Annex.

The big scream of the evening, however, was Ami the "what-is-it." This automaton has been on exhibition in the afternoon and evening for two days in the Norton book store window. It was seen by thousands and nearly every one argued with his neighbor whether the figure is really a human being or some mechanical device constructed by some ingenious individual. The question is still unsettled, though Mr. Norton declares that after Saturday night's exhibition the announcement will be made as to what it really is.

Perhaps those who have supported the theory that the figure is a machine may be able to persuade Mr. Norton to take a screw driver and a monkey wrench and take the "machine" to pieces. At any rate the matter will be definitely decided for the benefit of those who engaged in an argument.

"Ami" took a promenade through the Arcade and the Annex Thursday evening, guarded and protected by two policemen who made way for the "thing."

"Of course it's a machine," declared one man. "You can see the wires and hear the machinery." And sure enough there were the wires which had carelessly been exposed and there was unmistakably the noise as if of an electrical machine, as "Ami" passed down close to those who watched breathlessly. "Well," said one man, "if it's a machine, I'll say it's a darn clever one." "Wise man that. He would not commit himself one way or the other and run the chance of being laughed at by his friends."

The automaton wasn't the only attraction at the Norton store. There were thousands of ice cream cones given away free. No wonder the boys and girls, men and women fought for them. The cream was the product of the Licking Creamery. Five thousand cones were given away Wednesday and Thursday. Perhaps the fact that one lad con-

ment will be made as to what it really is. Perhaps those who have supported the theory that the figure is a machine may be able to persuade Mr. Norton to take a screw driver and a monkey wrench and take the "machine" to pieces. At any rate the matter will be definitely decided for the benefit of those who engaged in an argument.

GIANTS ARE FAVORITES IN SERIES

Comparison Shows Their Pitching Department the Stronger

TO DIVIDE THE HONORS

Mathewson and Marquard to Be Giants Mainstays and Bender and Plank the Athletics—May Be Last Year for World's Series.

(ASSOCIATED PRESS TELEGRAM) New York, Oct. 3.—When the New York and Philadelphia clubs open the series for the world's baseball championship at the Polo Grounds in this city on October 7, the Giants will have at least one advantage which only the heaviest kind of stickwork will overcome. Compared player for player the winners of the National League pennant appear to be stronger in the pitching department than the Athletics. Two years ago, when Connie Mack's clan defeated McGraw's team four games to two in the battle for the 1911 title, conditions in this respect were reversed. Now the margin of strength so far as boxmen is concerned is on past performances with the Giants.

The doughy leader of the National League representatives in the coming series has in Marquard, Mathewson, Tesreau, Demaree, Fromme, Crandall and Wiltsie a group of twirlers who should prove more effective against the Athletics than Bender, Plank, Shawkey, Brown, Bush and Houck against the Giants. Such might not be the case with Connie Mack's pitching staff augmented by the presence of Combs. The big Maine hurler is considered to be the best of the series, however, due to early season illness and a more recently strained back. The trio of mainstays for the Giants will undoubtedly be Mathewson, Marquard and Tesreau, with Demaree, Fromme and Crandall second string twirlers. For the Athletics Bender, Plank and Shawkey will have first call, while Brown, Bush and Houck will be reserve pitchers.

Mathewson, who is one of the greatest "money pitchers" of baseball will have to divide honors with Marquard this year in all probability. While his head and hand still maintain the skill and cunning of yesterday, his arm cannot stand the strain as it did a few seasons ago. Marquard will have to bear a larger share of the burden than he did in 1911. The same is true of Bender and Plank in the Athletic line-up, for Shawkey is an unknown quantity in World's Series play. Tesreau and Demaree, on the other hand, have had considerable more big league experience, and the former was a factor in the World's Series play of 1912 when the Giants gave the Boston Red Sox such a hard struggle for honors. Crandall is not likely to get into the series except as a relief pitcher or pinch-hitter, and Brown, Bush and Houck are uncertain propositions. They are just as likely to win, if Mack starts any one of the trio, as to blow up completely.

Mathewson opposed Bender in the first game of the 1911 series which the Giants won 2 to 1. He allowed six hits against the "Indian's" five. Plank and Marquard were the second pair and while the Athletics won 2 to 1, they got four hits off Ruben in seven innings. Plank allowed five for the full nine innings. Mathewson faced Combs in the third game, losing 3 to 2, in eleven innings. The Mackmen gathered in nine hits to the Giants three. Matty tried to come back in the fourth game but was relieved by Wiltsie in the seventh inning after giving ten hits. Bender twirled the entire game for the American Leaguers and won, 4 to 2, allowing seven hits.

The girl kept to her room today awaiting the arrival of her father from Dallas, Texas. She is still suffering from shocks and from the wounds on her breast which Oelrichs' lawyers say were sustained when she was flung through the windshield of the automobile. Columbia University authorities, it was understood, began an investigation today of the affair to determine whether the fact's warranted Oelrichs' dismissal as a student at the institution.

On Tuesday next the case will come up in court when Oelrichs will be arraigned on a charge of felonious assault. Meantime he is out under \$10,000 bail.

FLOOD CONDITIONS BETTER

(ASSOCIATED PRESS TELEGRAM) Lake Charles, La., Oct. 3.—Flood conditions continued to improve here today. Calcasieu river and the lake were slowly receding. Business in the city is still practically suspended. Boats are the only means of transportation in many parts of the town. The heaviest loss from the flood will fall on the rice crop. This has been variously estimated from one to one and a half million dollars. Railroads have suffered greatly and much live stock has perished.

POLICE PROBE DEATH MYSTERY

(ASSOCIATED PRESS TELEGRAM) Cincinnati, Oct. 3.—The police and coroner are investigating the circumstances surrounding the death of Benjamin Roloff, 49, whose body was found lying at the foot of a twenty-foot stone wall. Persons residing at the house where Roloff boarded gave it as their opinion that he fell over the wall while walking in his sleep.

FELIX DIAZ STARTS FOR VERA CRUZ

(ASSOCIATED PRESS TELEGRAM) New York, Oct. 3.—According to a special dispatch from Havana, General Felix Diaz departed there on the German liner Concordia yesterday for Vera Cruz. It is reported that former President Porfirio Diaz has rented a villa at Huixtla for the winter, indicating his intention to remain in Mexico.

Baby Not Hurt Though in Midst of an Explosion

Marion, O., Oct. 3.—The home of Murzio Merlo, an Italian, was partly wrecked by dynamite early today. Window lights in nearby houses were broken by the force of the explosion. Merlo and his family escaped serious injury, although a baby was buried to the ceiling. Bloodhounds are being employed to discover the perpetrators.

CAR OVERTURNS: THIRTY ARE HURT

(ASSOCIATED PRESS TELEGRAM) Scranton, Pa., Oct. 3.—Thirty or more persons were injured, several possibly fatally, by the overturning today of a Scranton Railway company car bound for Dunmore. Twenty-four of the injured were removed to hospitals.

The car, heavily loaded, stalled on a hill on the city streets, because of slippery rails, and began to slide down the slope when the brake chain broke. Striking a curve at Madison avenue and Pine street, the car toppled over, injuring as it fell on its side, a number of passengers, who had jumped from the rear platform.

TEMPERANCE FORCES MAY AMALGAMATE

(ASSOCIATED PRESS TELEGRAM) Columbus, Oct. 3.—Amalgamation of all of the temperance forces of the country into one organization; campaign of education nationwide in its scope, and a campaign for constitutional prohibition are the chief aims set forth in the formal call issued today by the council of one hundred for the meeting of the temperance forces in national convention in Columbus, on November 14.

Among those who sign the call are members of the council of one hundred are United States Senator Morris Sheppard of Texas, Governor Lee C. Crane of Oklahoma, former Governor R. B. Glenn of North Carolina and E. W. Hook of Kansas, Judge Ben B. Lindsey of Denver, Congressman Edwin Y. Webb and Richard P. Hobson of Ohio. Signers include Bishop William F. Anderson of Cincinnati, Prof. Charles F. Thwing of Cleveland, George D. Selby of Portsmouth, Ernest H. Chorrington of Westerville, Wayne B. Wheeler of Columbus, Judge A. Z. Blair of Portsmouth, and others. Leaders in the movement estimate that no less than 20,000 persons, representing every state in the Union will attend the national convention which will be held in Memorial Hall. The call for the convention concludes as follows:

"While the campaign contemplated in this call is limited to educational work it should be prosecuted with a view to making it a powerful factor in the general movement throughout the nation for constitutional prohibition."

"Emphasizing, therefore, the points upon which all temperance organizations of the nation are in agreement and convinced that the time has arrived when, without prejudice to, or interference with the fundamental principles and policies of any particular organization, all temperance organizations should unite in a comprehensive nation-wide program of education, we, the undersigned, members of the council of one hundred, issue this call for a general national convention, to be held in the centrally located city of Columbus, Ohio, Friday, November 14, 1913."

Rain Interferes With Attendance Thursday at The Licking County Fair

Undoubtedly there were thousands kept away from the greatest fair in the history of the county Thursday by the afternoon rain storm. Secretary Farmer and members of the County Agricultural board hoped against hope until the very last possible moment that the weather would change, the heavy clouds lift and sunshine make the fair attendance what had been expected.

At the track a big crowd was assembled, which would have been many hundreds bigger but for the threatening sky, and waited until 2:30 when it was announced that the day's race card was positively called off. Even this announcement did not come until a second afternoon shower made it certain that the track would be unfit for racing.

Then it was that members of the county fair board got together and agreed to extend the fair over Saturday, with the hope that at least one day of bright weather would make up for the falling off in attendance.

PRESIDENT WILSON WILL SIGN TARIFF-BILL FRIDAY NIGHT

House Agreed on Conference Report and Vice President Marshall Signed Measure This Afternoon

PRESIDENT EAGER TO FULFILL PARTY'S PLEDGE

Average Duty is About 27 Per Cent, the Senate Reducing the Amounts as Prepared by the House—Payne-Aldrich Bill Averaged 35 Per Cent.—Free List Largely Increased by New Bill.

(ASSOCIATED PRESS TELEGRAM) Washington, Oct. 3.—The house agreed to the tariff bill conference report at 1:22 today, constituting the final action of that body on the tariff bill. Speaker Clark overruled all points of order made by members who contended that further action by the house was not necessary. Vice President Marshall signed the bill at 1:34 o'clock.

President Wilson, after a conference with administration leaders early today, planned to sign the tariff bill at 9 o'clock tonight. Arrangements for ceremonies to attend the final act in the prolonged tariff legislation were made by the president as soon as it seemed assured that the measure would reach him some time today.

Invited by the president to witness the signing of the measure were Chairman Underwood and members of the ways and means committee, Chairman Simmons and members of the finance committee, Vice President Marshall, president pro tempore Clark and Majority Leader Kern, of the senate, Speaker Clark, members of the cabinet and newspaper correspondents.

President Wilson looked forward with eagerness to the moment when the engrossed bill, the fruits of many months of endeavor to enact tariff reform in accordance with the declaration of the party platform, would be placed upon his desk.

(ASSOCIATED PRESS TELEGRAM) Washington, Oct. 3.—President Wilson began work today with the expectation of signing at 9 o'clock tonight the first great reform measure of his administration and the first Democratic tariff revision bill passed in nearly a score of years. Democratic leaders of the House and Senate had smoothed the way for the last legislative step for the approval of the bills, congressional clerks had engrossed and prepared the huge document for the President's signature and it remained only to secure the formal action of the House of Representatives in receding from its cotton futures tax amendment to complete the tariff bill.

Embraced in the legislation which has been pending in Congress since April 8, is a complete revision and a general reduction of nearly all the import duties levied by this government on foreign merchandise; a new income tax that will tax every person having a net income above \$2,000, and an array of important changes in customs laws and internal revenue regulations which will keep treasury department officials busy for many months in adjusting administrative affairs, and which will have an important bearing on all trade developments of the country for the next year or two.

No differences on the tariff bill remained to be settled in Congress when the two Houses met at noon except the cotton futures question. The Senate had receded last night from the Clarke amendment designed to prevent gambling in futures, and Democratic Leader Underwood was confident that the House would today recede from its own amendment known as the Smith-Lever compromise.

While the latter amendment had the endorsement of President Wilson the President had made it clear that he did not think the regulation of cotton futures trading was an essential part of a tariff bill and that he would not object to having the entire matter dropped out and taken up later in a separate bill.

The tariff conference report committed by the Senate last night was ready for submission to the House as soon as that body met. It was expected that it would be acted upon and the tariff bill sent to the President before the end of the afternoon.

The sponsors for the bill say that it will raise ample revenue. Chairman Simmons has ample evidence that it will yield a surplus of at least \$15,000,000 a year above current expenses. If it (Continued on page 7, col. 1.)

Friday morning noted a decided drop in temperature, accompanied by a strong, variable breeze. Occasionally patches of blue peeping through the three-days' thickness of clouds, caused Secretary Farmer to take heart again and hope for success.

Despite inclemency of the weather for three days preceding, and threatening clouds Friday morning, Newark was astir early in the morning and every highway was filled with incoming carriages bringing country people to the fair.

The fact that persons once on the ground, might view most of the exhibits under shelter, was one that seemed appreciated. Numerous were the expressions of disappointment to be heard that greater numbers had not had an opportunity to view the excellent exhibits.

It was announced Friday that the full list of attractions, exhibits and all would be continued over Saturday, to give everybody a chance to see what the officers of the board have assembled for this year.

Judges continued their work until Friday forenoon. Their work was finished with a trip through local hall shortly before noon.

PROGRESS OF THE NEW TARIFF BILL

The following shows the chronological history of the Underwood-Simmons tariff bill:

- Jan. 6 to Feb. 1—Hearings, house ways and means committee.
- April 7—Bill introduced by Mr. Underwood and referred to the ways and means committee.
- April 22—Bill reported by Mr. Underwood after Democratic caucus had approved it.
- May 8—Passed house of representatives—yeas, 361; nays, 138.
- May 8—Received by the senate and referred to finance committee.
- June 26—Bill completed by senate finance committee and referred to Democratic caucus.
- July 11—Bill reported to senate by Chairman Simmons with recommendation that it pass.
- July 21—Made unfinished business of senate.
- Sept. 3—Passed by senate—yeas, 44; nays, 37.
- Sept. 11—House nonconcur in senate amendments, and bill goes to conference.
- Sept. 26—Conference reach final adjustment.

STRODE GETS AFTER TOLEDO DRUG VENDORS

(ASSOCIATED PRESS TELEGRAM) Columbus, Oct. 3.—Five drug inspectors and three detectives of the bureau of foods and drugs, will go to Toledo today to start a campaign against the sale and use of drugs there. A number of prosecutions are expected to follow their tour of inspection.

Toledo and Cincinnati are said to be the worst cities in the state for the sale of harmful drugs illicitly. They are purchased in other states whose laws are less drastic and carried across the border by those engaged in the drug traffic. Vendors of harmful drugs have a system by which they work illegally and are difficult to detect, drug inspectors declare.

(ASSOCIATED PRESS TELEGRAM) St. Louis, Mo., Oct. 3.—Irene Attorney Harvey today opened what he characterized as "a war of extermination" against "lid clubs" in St. Louis by filing quo warranto proceedings against the St. Louis club, the Missouri Athletic club and the Brewery Workers Association of Missouri to compel them to show why their charters should not be revoked.

(ASSOCIATED PRESS TELEGRAM) Bartlesville, Okla., Oct. 3.—The jury in the case of Mrs. Laura M. Reuter, charged with the murder of her husband, a prominent attorney at Tulsa, Okla., last year, returned a verdict of guilty at 11:30 o'clock today. The jury will recommend life imprisonment.

SATURDAY LAST DAY OF OUR BIG FAIR SALE

WE STILL HAVE ON SALE FOR TOMORROW, THOUSANDS AND THOUSANDS OF PAIRS OF SHOES. WE WANT EVERYBODY TO TAKE ADVANTAGE OF THIS SALE. Come Early. READ THESE PRICES CAREFULLY.

GIANTS

(Continued from Page 1)
ing but the fifth game, when New York won 4 to 3 in the tenth. Marquard was driven from the box in the third inning and Ames took his place and Ames was followed by a grand slam in the seventh. Coombs allowed eight hits in nine innings and gave way to Plank when the Giants tied the score. Plank was charged with the hit that lost the game. In the final contest Bender held the Giants to four hits and two runs while the Athletics battered Ames, Wilse and Marquard for thirteen hits and a like number of runs.

On paper at least, better than in 1931, but the fact remains that the lanky left-hander is not catching the brand of ball he did in 1931. Tesreau, however, has proved a big help and Demaree has developed into a pitcher who can hold his own in fast company. Connie Mack's youngsters, Shawkey and Brown, have also been coming strong and the latter has divided the heaviest part of the boxwork with Bender pitching but one game less and having an average some fifty points below that of the veteran. It surprises no one in the coming series it is quite likely to be in the twirling department and it is possible that Demaree, Tesreau, Shawkey, Brown or Bush will be responsible for it. As a means of comparison the 1931 records of the Athletics and Giants' pitchers are appended:

	G.	W.	L.	H.	P.
Bender	47	23	23	23	23
Plank	38	28	10	23	23
Shawkey	14	4	10	23	23
Brown	18	11	7	20	23
Bush	18	12	6	18	13
Horne	18	17	1	119	79
Demaree	29	14	15	23	23
Marquard	30	22	8	23	88
Mathewson	36	24	12	29	63
Tesreau	20	23	17	23	63
Prommie	11	5	6	18	11
Grandall	22	2	2	2	2

The catches of the New York Giants and Philadelphia Athletics will play an important part in the coming battles for the world's championship in baseball, and the managers of the rival clubs are fortunate in having dependable trios for the position behind the plate. Connie Mack has Schang, Lapp and Thomas to use as his judgment. Tesreau and McGraw in New York. McLean and Wilson has an opposing squad of catchers which, viewed in a broad manner, suffer little if any when compared with the Philadelphia wearers of mitt and mask.

Meyers and Schang appear to have first call for the position with McLean and Lapp second choice and Wilson and Thomas as third-string catchers. Meyers and Schang will be called upon to do the brunt of the work, barring illness or accident. They are therefore first to be considered in a comparison of the catching strength of the two clubs. From an offensive standpoint Meyers is the better player of the two, due to his ability as a batter. The big Indian has an official record of .310 for 115 games this season as against .259 for Schang in 75 games. On the bases the Philadel-

phia backstop is a faster man, but this asset is more or less nullified by the fact that Meyers gets to the initial bag more frequently than his chief rival in the world's series. Both are accurate and fast in throwing to the bases, but the Athletics' youngster has a margin over Meyers in this respect, for he shoots to second with less apparent exertion and more speed than the Chief Tortois.

Lapp has taken the ascendancy over Thomas during the past season and judging from present indications will be Connie Mack's second choice for the stand behind the home plate. He will have a formidable opponent in McLean, who joined the Giants via the trade route from St. Louis after the mid-season mark had been passed. As in the case of Meyers and Schang the Giants' second string catcher has a decided advantage over Lapp in batting, for the records show that the former Cincinnati-St. Louis catcher has a batting average of .285 as against Lapp's .272. The figures are all the more impressive since both catchers have worked in about the same number of games. As an offset the Philadelphia catcher has proved to be deadly in throwing base stealers out at second and third and in this respect outranks the veteran who was traded into a world's series box of gold after his new team mates had secured a commanding lead in the race for the pennant.

Thomas, one of Mack's veterans, in point of experience at least outranks Wilson easily, but the old adage of youth is age may equalize this should the pair don masks and wads in the same game. Thomas is a catcher who uses to emergencies and as a tactician has few equals. As far as batting is concerned he is far superior to Wilson, but the latter has been improving steadily and may surpass expectations in this respect in case he has an opportunity to break into the series at a critical period. Once on the base lines he will have an excellent chance to pick up Thomas' advantage with the bat, for he is fast, considered from the standpoint of a catcher.

The records of the catchers of the two clubs this season follow:

	G.	AB	R	H	SSB	P.
Schang	25	201	20	62	4	.259
Lapp	24	219	21	46	1	.219
Thomas	22	133	3	14	1	.264
Meyers	115	358	37	111	6	.310
McLean	71	215	8	61	1	.285
Wilson	48	67	4	12	1	.179

This year may be the last to see a world's series, according to interesting baseball gossip here. In many quarters agitation for the abandonment for a world's championship each fall and the substitution of an inter-league post-season series in which all of the sixteen major league clubs could share, has been going on for some time and according to the reports here, at least one of the three men of the national commission has suggested that it may be feasible to do away with the world's series after this year. It is said that August Herrmann, chairman of the commission, and owner of the Cincinnati club, has broached the idea, with a plan that the regular league seasons be reduced to 141 games in each league to be followed by an inter-league schedule of 41 games, by which each National League team would play four games at home and four abroad with each American League team. The total winning per centage for the two schedules might determine the title of world's champion.

The present wrangle between members of the New York and Philadelphia teams who will be parties to the championship fight this year, and the national commission because of the prohibiting series players from writing or allowing the use of their names over newspaper stories has given impetus to the argument for abandonment of the big series after this year. Those arguing for such action point out that out of sixteen major league clubs only four have shared in the world's series spoils since 1909.

A novel to be successful should either be well written or well written up.

Ball Players May Write Own Stories But No Faking

(Associated Press Telegram)

Chicago, Oct. 2.—Baseball players who will write their own newspaper stories of the world's or other post-season series may do so with the approval of the national commission. President Johnson of the American League said as much, last night, upon his return from a brief vacation in Michigan. Players who lend their names for a monetary consideration to be signed to articles written by others, probably will be declared ineligible to take part in such series, Mr. Johnson asserted.

He did not favor the suggestion reported to have been made by Chairman August Herrmann of the National Commission, to call off the commission in case players permitted the misuse of their names.

"The purpose of the commission is not to prevent players earning extra money in any legitimate way," said President Johnson, "but to stop the faking which is bound to do base ball serious injury unless it is curbed."

"If any player wants to write a bona fide story for a newspaper during the world's series, let him go to the headquarters of the national commission after the game. We will furnish an expert stenographer to whom he can dictate his story. The typist will make two copies, one of which the player can send to the newspaper, the other we will keep for comparison."

"If the paper publishes the story as the player writes it, there will be no objection."

"I have written a letter to Manager Mack of the Philadelphia team which will dispose of the tangle over Collins and Baker. If Mack wants to play the Giants without Collins or Baker on the infield he will have that opportunity if he persist in permitting their names to be signed to articles which they do not prepare."

President Johnson will leave Sunday for New York and if possible will take this matter up personally with some of the players.

About Egg Stains.

Egg stains should be soaked in cold water before going to the laundry. If this is done the stains will come out easily. Hot water sets them.

Stoeffler	168	147	148
Totals	719	685	715

If a man doesn't make a fool of himself over a woman before he is 25, he is apt to do it after he is 60.

Many a man expects even his own conscience to jolly him along.

A BIG JOB

"It is as impossible for him to recover as it is to empty the ocean."

These were the doctor's words to the partner of Andrew C. Larsen of Sorenson & Larsen, Salt Lake City, Utah. Larsen was down with Bright's Disease; was water logged, having been tapped twice, and the doctor advised his partner to fix up his affairs. This was in 1904.

The treatment was changed to Fulton's Renal Compound, and in March, 1905, patient was back to business, to the surprise of his physician and everyone else.

As to permanence, a letter from Larsen dated February, 1911, six years later, said: "I am in perfect health—haven't had a sick day for several years. The Compound cured me and did it right."

We have almost daily reports from new cases either well or recovering under Fulton's Renal Compound. If the books are true no chronic cases are recovering under anything else. If you have Bright's Disease you owe it to yourself and family to try Fulton's Renal Compound before giving up. It can be had at F. D. Hall, drugist.

For pamphlet on our investigation into the curability of Bright's Disease write John J. Fulton Co., San Francisco.

money than a wise man and his um-
brella.

**COP STARTLED
WHEN BOX MOVES;
A SAILOR'S JOKE**
(Associated Press Telegrams)
Buffalo, N. Y., Oct. 3.—A police-
man on a Niagara Street beat, was
startled early today when a rough
box lying on the sidewalk in front
of an undertaking establishment
slowly turned over. When he grew
near to solve the mystery it again
turned over.
Chief of Police Ragan hastened
to the scene in his automobile and
he joined the patrolman. He or-
dered a man from the undertaking
rooms to unscrew the lid. Inside
they found a sailor who gave him
his name as John Deleth of Milwaukee.
Deleth said he had been out on a
lark with a fellow sailor named Kel-
ley.
"Says Kelley to me," Deleth told
the chief, "the first guy to the dead
box can sleep there. I slept all right
but when I woke up I couldn't get
out. Kelley's been up to his tricks
again."
Deleth was locked up.

Readers' Viewpoint
In reference to an article printed a
few nights ago by those interested in
the proposed slaughter house on Wil-
son street, I, as a property owner in
that neighborhood, would like to say
a few words. If some of the pro-
moters of this concern had to live
near it, as we do, and put up with the
odor and other inconveniences, they
would no doubt think as we residents
of this section of the city do. For
instance, it is not a very pleasing
sight to look out of your front win-
dow and see from 50 to 100 hogs, or
sheep in the lot across the street al-
most all the time, when if we kept one
hog in our back yard we would be ar-
rested immediately. The stench arising
from these pens is almost unbearable.
Even as far up Main street as the
Newark Sanitarium they had to
close their windows on hot nights to
keep out the sickening odor. The pro-
moters say some people argue that
this institution is not a good thing
for Newark. Of course they refer to
us. We do not argue that it is not a
good thing, but we do say, "let them
start it where it belongs and not in
a residential district." They also say
since the plant has been closed the
laboring man has had to pay a higher
price for meat. Now, if this is so,
we all know that it is not on account
of the closing of the Howell plant,
because the price of meat is regulated
by the markets and not by some
small slaughter house. I for one, and
I also speak for a number of others,
think it is time for the law on such
things as this be enforced and
slaughter houses be made to go where
they belong, outside the city limits.
WM. P. MYERS,
Newark, Oct. 3. H. S. Wilson st.

**CHILD SWALLOWS
FIVE-CENT PIECE**
Much excitement was created in the
millinery store of Clouse & Schau-
weker on Friday morning when a
small child nearly strangled when it
swallowed a five cent piece.
The mother was engaged in pur-
chasing a hat and the child was con-
tentedly playing with the small piece
of money. Childlike the nickel found
its way to the child's mouth and
lodged in his throat. The baby became
black in the face and a hurry call was
sent for Dr. J. P. Latimer. However,
before the physician reached the store
some one had taken the baby by the
heels and shaken it and the money
was dislodged.
We speak of good luck and bad luck,
but neither is really a matter of
morals.

**IF KIDNEY'S ACT
BAD TAKE SALT**
Doctors declare it is a sign you have
kidney trouble when the mouth and throat
become sore and acid.
When you wake up with the back-
ache and dull misery in the kidney
region it seasonally means you have
been eating too much meat, says a
well-known authority. Meat forms
uric acid which overworks the kid-
neys to their effort to filter it from
the blood and they become sort of
stagnant and sluggish. When your
kidneys get sluggish and clog you
must relieve them, like you relieve
the bowels, removing all the
body's urinous waste, else you have
backache, sick headache, dizziness,
spells, your stomach sour, tongue
in coated, and when the weather is
bad you have rheumatic twinges.
The urine is cloudy, full of sedi-
ment, channels often get sore, water
swells and you are obliged to seek
relief two or three times during the
night.
Either consult a good, reliable
physician at once or get from your
pharmacist about four ounces of Jad
Salt; take a tablespoonful in a
glass of water before breakfast for
a few days and your kidneys will
then set fine. This famous salt is
made from the acid of grapes and
lemon juice, combined with lithia,
and has been used for generations
to clean and stimulate sluggish kid-
neys, also to neutralize acids in the
urine so it no longer irritates, thus
ending bladder weakness.
Jad Salt is a life saver for regu-
lar meat eaters. It is inexpensive,
cannot injure and makes a deli-
cious, effervescent lithia-water drink.

**SAFETY IS CHIEF
ISSUE IN THE
SUBWAY MATTER**
It is hard to contemplate the
crowding in the subway during the
rush hour. The elimination of
the present plans to
from First to Sixth
streets.
The public should be
convinced of the consideration of
the safety of the subway, and a question of
extra taxation should
not be considered.
The idea of the grade crossings
from First to Sixth streets, will
benefit only the residents and property
owners south of the present location
of the railroad tracks. The benefit is
city wide in its scope and the busi-
ness man in central Newark will reap
a usufruct from an increase in patron-
age from those who are now deterred
from making more frequent trips to
that portion of the town, by fear of
the railroad crossings.
This matter is not one of selfish in-
terest. Those at the head of the
movement have no idea of self-
exploitation, but they realize that it
is for the good of the entire city.
The relocation of property south of
the railroad will be material in-
creased, and the taxes paid by prop-
erty owners in that section will be
more in proportion, so that it would
seem from an economic standpoint, to
the interests of tax-payers in other
portions of the city to vote for this
improvement, and consequent increase
of the per cent of taxes paid by South
Side residents.

Frantic With Eczema.
Itching and Burning Drive One Al-
most Mad.

Try this Remedy at Our Risk.
Children, and grown persons too,
are so often driven almost frantic
with the intolerable itching and burn-
ing of eczema and other skin trou-
bles, that a remedy which will not
only secure their immediate comfort,
but also clear away the eruption in a
short time, is nothing less than a
public benefit.
It is remarkable that so mild and
harmless an application as our new
skin-remedy, Saxo Salve, can stop
the itching so quickly as it does.
And its penetrating healing power
is even more remarkable, for im-
provement is seen after the first few
days and the final results must satisfy
the patient or we refund the money.
If you have any itching, or burning
rash or humor of the skin, any scaly
or chronic old skin trouble. Saxo
Salve is what you need and you
should try this splendid remedy.
Frank D. Hall, druggist, Newark, O.
P. Eczema sufferers! We guar-
antee Vinol will purify and enrich the
blood.

**MURDERER RIPS
OFF ROSARY IN
SHOW OF TEMPER**
(Associated Press Telegrams)
Newark, Oct. 3.—Hans Schmidt,
the priest who murdered Anna Au-
muller, became frenzied today at the
coroner's inquest into the death of
his victim, rose from his seat and
from his neck the rosary he had worn
ever since his incarceration, tore it
into many bits and buried them at
the newspaper reporters sitting half a
dozen steps away. The jury found him
responsible for the girl's death.
Schmidt's outburst of temper oc-
curred in the presence of a jury of
millionaires empaneled to conduct
the inquest. The verdict was quickly
found. It follows:
"We, the jury, believe that Anna
Aumuller came to her death on Sep-
tember 2, 1913 at No. 68 Bradhurst
avenue, at the hands of Hans
Schmidt."
Schmidt was immediately remanded
to the Tombs without bail to await
the action of the grand jury.
Theodore P. Shonts, president of
the Interborough Rapid Transit com-
pany, was foreman of the jury. His
fellow jurors included Vincent Astor,
B. J. Greenhut, merchant; Mortimer
Regensburg, cigar manufacturer and
E. S. Marston, banker.
District Attorney Whitman ex-
pressed the positive conviction today
that Hans Schmidt is sane and con-
sequently will be placed on trial for the
murder of Anna Aumuller, whom
Schmidt slew as she slept, dismem-
bered and sank her body in the Hud-
son river on September 2, last.
Whitman's opinion, it is understood, is
based on the finding reached by the
four alienists, who have examined
Schmidt in the Tombs at Mr. Whit-
man's behest. Their formal report
will be made within a few days.

**PASS INVESTIGATION
TO NEXT GRAND JURY**
(Associated Press Telegrams)
Cincinnati, O., Oct. 3.—The Ham-
ilton county grand jury for this
term will render its report some
time today. It is understood that
the jury will shift the work attend-
ing upon investigation of the refer-
endum petitions fraud in Cincinnati
to its successor. It has been found
that the remaining life of the grand
jury is too short to permit an ex-
haustive probe of the charges which
involve many men with a swarm of
witnesses so the jury will pass the
cases on to the next grand jury
which will convene in a few days.

BRITISH AVIATOR KILLED.
(Associated Press Telegrams)
Salisbury, Eng., Oct. 3.—Major
George Charlton Merrick of the
British army flying corps was killed
while flying over the military avia-
tion ground here today when his
aeroplane suddenly collapsed.

**IT TOOK NINE TAILORS
TO MAKE A MAN**
In Lilliputian days it took nine tailors to make a man. In these
bright Fall days, it takes 200 hustling tailors to turn out the suits and
overcoats for the many satisfied customers of the Scotch Woolen Mills
Co.'s mammoth stores. We wish every man who has his clothes made
here to feel he has a square deal. That is today: 1—That he has receiv-
ed more for his money than he could get anywhere else. 2—That he has
been treated courteously and helpfully by our salespeople, cutters and
all with whom he dealt. 3—That he has not been persuaded to buy
something that he did not want. 4—That his wishes as to style were
carefully followed. Nothing less than that is fair to our customers, and
we would be unfair to ourselves if we did not see they got it. We, at least,
are anxious that the customer of today shall be the customer of all time
hereafter.

On Second Thought

Prof. Simp says:
Four hundred years ago today Angelina Stipe put the shin in fashion. This coming winter, with the aid of the new X-ray skirt for ladies, it is said that the shin will be very much in fashion.

The latest automobile goggles have reflectors, so that the driver may see behind him. Pedestrians in back of automobiles will now be in as much danger as those in front.

Tank Beverly says if one compares the with the steam calliope the bagpipe is a musical instrument.

The trouble with the man who wears a fifty-cent cravat is that he is apt to boast of it.

A woman looks for a mirror, a man for a place to sit down.

The fact that anybody can belong to a political party explains the presence of crooks in all of them.

A man's desire to be a good citizen seldom is as strong as his ambition to become a rich one.

When a lawyer shows a disposition to reform the country, that is an indication he has not been retained as the attorney of any corporation.

In politics the courageous man is the one who doesn't need the money.

People who interest one another seldom are driven to the social device of playing cards to pass the time.

Generally speaking, the ignorant, worthless white man's favorite subject for discussion is the inferiority of the negro.

"Home cooking" is responsible for much of the patronage restaurants and cafes receive.

SUMMIT STATION.

Encouraging reports are received by the many relatives and friends of Miss Nettie Wilson from Grant hospital at Columbus. Her recovery is now assured if no complications set in.

The condition of little Helen Thorp remains about the same. Mr. and Mrs. O. A. Rusler entertained at dinner Sunday. Mr. L. E. Smith and children, Lawrence and

1882—Adelaide Phillips, famous contralto, died; born 1833.

1901—General George W. Getty, noted veteran of the Mexican and civil wars, died; born 1819.

ASTRONOMICAL EVENTS.

Evening stars: Mercury, Jupiter
Morning stars: Saturn, Venus, Mars.
Constellation Bootes seen setting in the northwest. Its brilliant sun Arcturus being below the horizon about 10 p.m.

Hood's Pills
Best family physic.
Do not gripe or cause pain. Purely vegetable, safe, easy to take. 25c.

Irma, of Columbus; Mr. and Mrs. Frank Hill of Columbia Center, and Mr. and Mrs. Frank Calmer of Wagon.

Mr. and Mrs. A. F. Fadley have returned to their home in Cleveland. Josiah McIntosh and wife of Union county have been spending a few days with Mr. and Mrs. David McIntosh on Cleveland Street.

Miss Amy Rader of Columbus spent Sunday with her parents at Melville.

John Thompson of Ashville, spent Sunday with his uncle at this place. The Epworth league business meeting will be held at the home of Miss Lois Buckingham Friday evening. Following is the program:

Song by league; selected reading, Carl Albert; recitation, Grace Walters; conundrums, Bernice Holcomb; pen pictures, Sarah Ameine; paper, "How I Expect to Spend My Next Vacation," Gladys Connell; song by league.

The Rader sisters entertained the following guests at their home at Melville: The Misses Nellie Hamilton, Sara Amine, Bernice and Olive ton, Sarah Ameine, Bernice and Olive Holcomb, Elsie Lane, Zoa Frost, Miss Myers, Gail Newton, Helen Albert, Julia Besse, and Messrs. Carl and Harold Newton, Orville Lane, Harold Albert, and Carson Hamilton.

The S. H. S. will give a box social Tuesday evening, Oct. 7.

The Junior league was reorganized Sunday by Mrs. Florence Calmer, superintendent. The following officers were elected:

President, Elsie Shannon; first vice president, Opal Lane; second vice president, Floyd Blaney; third vice president, Josephine Maxwell; fourth vice president, Stella Winters; secretary, Elmer Sinsabaugh; treasurer, Minnie Saltz.

Mr. and Mrs. Frank Calmer are contemplating adopting a small girl.

The rush of business caused the canning factory to run Sunday with a large force of hands.
Prof. A. B. Newton and wife and S. B. Besse, wife and son Byron, motored to Delaware Sunday to hear President Welch of O. W. U. lecture to the student body. They also called on Glorine Besse at Monnett Hall and S. B. Besse, Jr., at the Sig Alpha house.

Ira M. Frost and Miss Myers were Columbus visitors Saturday.

Miss Doris Hines spent the week end with friends in Columbus.

LICKING.

Mr. and Mrs. Sanford Buckland and Mr. and Mrs. Howard Ford and little daughter, attended the Pataskala home coming last Friday.

Mr. and Mrs. Will Fulk are rejoicing over the arrival of a boy which came to their home Sept. 25.

Mr. and Mrs. John Vickers of Jacksonville spent last Sunday with Mr. and Mrs. W. E. Swartz.

Mrs. Charles Ruffner and Mrs. John Black called at the Miles Joseph home last Thursday afternoon.

J. R. Black and wife, R. L. Black and family, Mrs. E. R. Black and Miss Viva Orr spent last Sunday at the home of the former's daughter, Mrs. R. V. Sperry in Newark, it being the fourth anniversary of their little son Donald.

Miss Maude Ford who slipped and fell in Newark a week or so ago, remains about the same. Her limb causes her a good deal of pain.

Gilbert, the little son of Mr. and Mrs. Otto Thorp, is better after a few days' illness last week with a hard cold and fever.

Mrs. C. C. Winter and daughter, Georgia, Mr. and Mrs. Bunkers of Columbus, spent last Sunday at the James Black home.

Word was received here last week by relatives of Mr. J. W. Robb of Minneapolis, Minn., telling of his death which occurred the first of the week.

Miss Ethel Henderson of Thornville, O., spent a few days last week with her aunt, Mrs. S. F. Buckland and family.

The L. T. C. was entertained by Paul and Lois Buckland last Saturday night.

There will be preaching services at Union Station next Sunday evening at the usual hour.

Jerome Jeffries attended church at this place and ate dinner at the Ruffner home.

John Ruffner remains about the same.
John Kneller and family spent Sunday in Reynoldsburg.

Mrs. Zull was called to Athalia last Thursday by the serious illness of their mother.

John Swartz, of Newark, called at the home of his sister, Mrs. W. B. Evans last Sunday afternoon.

Go to church Sunday. If you have no church home, go to First Presbyterian and get the glad hand and a song in your soul. 10-3d1t

RUTLEDGE BROS.

"Sellers of Good Clothes"

Uncle Walt's Philosophy

The Results

The season is pretty near ended, the season for swatting the flies; our labors have surely been splendid, and doubtless our motives were wise. We swatted when dreadfully sober, we swatted when all lighted up, and now that it is October, O say, is there joy in our cup? We killed off the flies by the bushel, ay, millions and millions we slew, and murmured, "The whole measly push'll be slain in a season or two." Buoyed up by this hope of achieving, we swatted and swatted and swote, all over the furniture weaving, to capture some blue-bottle's goat. And now at the end of September our feet have grown weary and cold; I try, but I cannot remember when flies were so sassy and bold. They buzz round our heads by the million, and nothing their efforts can foil: they crawl on the panes of the billiard, so what have we gained by our toil? They camp on our necks when we were working, and not all our thunders unloosed, and not all our shaking and jerking will drive them away from their roost. They bite and they bite and they burrow, they tickle and torture and tease, they plow in your person a furrow, they sting like a parcel of bees. So what have we gained by our swatting? We were blind? Each fly that is dead and forgotten left ten million daughters behind.

Wisdom from Washington

By ARTHUR W. DUNN.

Washington, Oct. 3.—[Special.]—"Get behind the president" is a slogan that often comes up from the people and makes the executive powerful in legislation.

"If we should take the power of appointment from the president, take away the federal patronage and leave him to administer and execute the laws we pass there would be no such power in the White House as we have forced upon us every year." That observation was made by a congressman who was once a federal office-holder and has been long enough in congress to know how congressmen in both houses are influenced by patronage.

The men back home who want the offices do not see why their senators and representatives should haggle over rates in a tariff or forms in a currency bill and lose out on appointments. So they want their representatives to "get behind the president."

May Not Reach a Vote.

"I doubt very much whether the currency bill will ever reach a vote or if there will be a quorum here at this session to vote upon it," was the guess of one of the Democratic senators. It is rather strange that the Republicans were willing to maintain a quorum in order to help pass the tariff bill, but they will not stay for the currency bill. There is some reason in it, however, for until there was a tariff bill passed the country would be in a turmoil over it. There had to be a Democratic revision.

Who Will Lead?

With a general understanding that Oscar Underwood will retire from the house whether he succeeds to the senate or not, there is a mighty nice little contest going on for leadership. There is a contest of the south against the north. Claude Kitchen of North Carolina is next in line, but there will be a mighty protest against having the chairman of the ways and means from the same state as the chairman of the finance committee in the senate. The northern candidates are A. Mitchell Palmer of Pennsylvania and Congressman Peters of Massachusetts. Both are members of the ways and means committee. Kitchen is the ranking member and Hull of Tennessee, Rainey of Illinois and Dixon of Indiana rank both Peters and Palmer.

Would Bet on Palmer.

While Palmer is below two southern men and three northern men, I would bet on him. Pennsylvania was the keystone of the Wilson arch at Baltimore. A. Mitchell Palmer built and

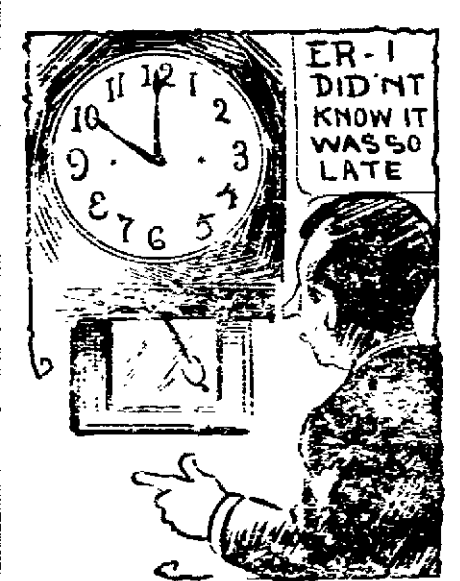

man, and he went on to explain how damp climates affected brickwork and how different dimensions affected the air conditions in different climates.

How About Economy?

Much is said in party platforms about economy. Much is said in both houses of congress about economy. The Democrats began their first lease of power with bold resolutions for economy. But congress does not economize. Although the Democrats cut down on the army and navy, they had other increased expenditures, particularly for buildings and rivers and harbors, and their first congress showed they had spent more than the preceding congress.

There is another view. Those men who make no pretense about economy, who get every dollar they can for their states and districts, who never overlook a chance to secure something from the public treasury, are returned again and again to the senate and to the house. "People do not object to large appropriations if the money is wisely expended and for their benefit," declared Congressman Austin of Tennessee, who is always found on the side of large appropriations for public works.

WHAT IS IT?

What governor?
Answer to Thursday's puzzle—Grape

—AND THE WORST IS YET TO COME

HANOVER.

Mrs. Jack Mills and children, Mrs. Harry Johnson and daughter, left Monday for Virginia to visit relatives.

Mrs. Wm. Severance and son Ralph, were in Newark, Wednesday. Rev. Mr. Smith preached his last sermon at the M. E. church Sunday morning before conference.

Wm. Yancy moved from Newark to Hanover last week.
Mrs. Albert Walcutt and daughter Miss Margaret, of Frazeysburg, were guests of Mrs. Mahlon Rine Saturday.

Miss Emily Weaver who teaches school at Stone Hill, spent Saturday and Sunday at her home.

Mrs. Wm. Melton and children of Newark, were Sunday guests of the former's parents, Mr. and Mrs. John Hollister.

Mr. and Mrs. Harry Ritchey and niece, Miss Ruth Predmore of Black Hand called on relatives here Sunday.

Mrs. Edward Coventry and son Clyde and Mrs. Albert Jenkins and daughter Ruth, visited relatives in Louisville Saturday.

Mr. and Mrs. Henry Livingston and daughter, Miss Bernice, of near Claylick, called on relatives here Saturday.

Mrs. John Hollister was in Newark Saturday.
Mr. and Mrs. Wm. Coon and son, Mrs. Carl Wilbard of Newark, called on relatives and friends here Sunday.

HEALTH HINT FOR TODAY.

The Facial Bath.

When the water used for the facial bath is hot enough to sting the skin it is too hot to be beneficial. It is likely to cause the skin to become ultra-sensitive, so that when it is exposed to the sun or wind it will burn and grow red. Hot water for bathing the face should be just hot enough to be used with perfect comfort. After playing golf or sporting it is well to use a cleansing cream, rubbing it well into the skin and removing it after four or five minutes with a piece of absorbent cotton. Then dip a soft cloth in warm water and hold it against the face for a minute or two. Dry the skin gently with a towel with a gentle rotary movement. Follow the massage by dipping a soft cloth in very cold water, using it as directed above, and a feeling of refreshment will well repay the trouble.

DO NOT DECEIVE YOURSELF

It will NOT be easier to save next week, next month or next year. Each season brings its own special demands.

Saving becomes easier in one way ONLY and that is by practicing it.

You must make regular saving a part of your scheme of life and above all determine that TODAY is the one time to start. We gladly open accounts with one dollar or more.

ENDS DYSPEPSIA, INDIGESTION, GAS

"Pape's Diaphepsin" cures sick, sour stomach in five minutes—Stop starving stomach!

"Really does" put bad stomachs in order—really does! overcome indigestion, dyspepsia, gas, heartburn and sourness in five minutes—that just that—makes Pape's Diaphepsin the largest selling stomach regulator in the world. If what you eat ferments into stubborn lumps, you belch gas and eructate sour, undigested food and acid; head is dizzy and aches; breath foul; tongue coated; your inside filled with bile and indigestible waste, remember the moment "Pape's Diaphepsin" comes in contact with the stomach all such distress vanishes. It's truly astonishing—almost marvelous, and the joy is its harmlessness.

A large fifty-cent case of Pape's Diaphepsin will give you a hundred dollars worth of satisfaction or your druggist hard-earned money back. It's worth its weight in gold to men and women who can't get their stomachs regulated. It belongs in every home. Should always be kept handy in case of a sick, sour, upset stomach during the day or at night. It's the quickest, surest and most harmless stomach doctor in the world.

REFERENDUM CASE OFFERS NEW LEGAL ANGLE FOR COURT

Cleveland, Oct. 3.—Arguments for an instructed verdict in the trial of C. C. Meekison, Henry county auditor, and J. D. Cargould, Akron politician, charged with an attempt to steal referendum petitions from the offices of the Ohio Equity Association here were continued today when the case was resumed before Judge Leighley. Attorney W. H. Boyd of the defense yesterday asked the court to instruct a verdict of not guilty, and arguments followed the motion.

Boyd's claim was that the state had not proved its case and that since referendum petitions cannot be the subject of private ownership they cannot be the object of burglary.

Judge Leighley said he wished to hear arguments on some hypothetical burglary cases and accordingly they were ordered for this morning. Attorney Boyd has not indicated what course he will pursue if his motion is overruled, but it is supposed that he will then put Meekison and Cargould on the stand.

Judge Leighley overruled the motion of the defense to have the jury return a verdict of "not guilty." He ordered the trial to go on with the presentation of the evidence for the defense.

GOV. COX NOT "MIXING IN."
(Associated Press Telegram)
Columbus, Oct. 3.—Gov. Cox today went to Logan, Hocking county to officiate at dedicatory exercises of a new fair ground and race track at that place.

Before leaving, the governor in a statement made it plain that he is not taking any hand in the case of C. C. Meekison, the Henry county auditor on trial in Cleveland on a charge of having attempted to steal referendum petitions from the offices of the Ohio Equity Association. The governor especially repudiated newspaper statements sent out from Cleveland to the effect that Detective Harry Bradbury and special counsel Robert M. Morgan of the attorney general's office were in Cleveland as the representatives of the governor.

"I have no representative at the trial of Meekison," the governor said, "and I am not interested in the cases in any way."

Attorney General Hogan also denied that Mr. Morgan is working on criminal investigation. But he declared he has been working as special counsel on the civil case now in the supreme court by which the Ohio Equity Association seeks to prevent Secretary of State Graves from leaving the Barnes and Kilpatrick bill referendums off the ballots.

AKRON MAKES N. O. T. CROWD COME ACROSS.
(Associated Press Telegram)
Akron, O., Oct. 3.—An agreement was reached here last night settling local traction difficulties, when officials of the Northern Ohio Traction and Light company met with the city officials and a citizens' committee, composed of Akron's leading men in a proposal from the Northern Ohio Traction and Light company the city gains extension of lines, better service and lower fares. The traction company is allowed ten years extension in the life of their franchise.

FOUND WITH THROAT CUT.
(Associated Press Telegram)
Cleveland, Oct. 3.—Mike Simchak was found dead in a shed at the rear of his home today. His throat was slashed. The police say it is a case of suicide.

IF YOU ARE A DRINKING MAN
You had better stop at once or you'll lose your job. Every line of business is closing its doors to "drinking" men. It may be your turn next. By the aid of ORRINE thousands of men have been restored to lives of sobriety and industry. We are so sure that ORRINE will benefit you that we say to you that if after a trial you fail to get any benefit from its use, your money will be refunded. When you stop "drinking," think of the money you'll save; besides, sober men are worth more to their employers and get higher wages. Cost only \$1.00 a box. We have an interesting booklet about ORRINE that we are giving away free on request. Call at our store and talk it over.
Frank D. Hall, N. Side Square

Society

Mr. and Mrs. William Hayes Parrish of Hazelnut Farms, Pennsylvania, (formerly of Newark) announce the marriage of their daughter Florence to Mr. Walter Morgan Pickles of Niagara Falls, N. Y., on October 2, 1912.

Mr. William Barr was surprised at his home in Manning street on Thursday evening, the occasion being his birthday anniversary. The guests were: Mrs. Margaret Mackles, Mrs. John Barr, Misses Elizabeth Kendall, Mary Phillips, Nellie Garrison, Lida Garrison, Mary Noblick, Anna Noblick, Marie Barr, Lucille Barr, Helen Swonger, Florence Doege, Ella Doege, Alma Loret, Ethel Cartledge, Sylvia Porter, Messrs. George Killington, Blaine Hamby, Fred Phillips, Beck Huffman, William Barr, Francis Yost, Carl Cashdollar, P. Sprouse, Charles Lee, Frank Lamb and Edward Irwin.

Miss Gertrude Egan was the honor guest at a haywagon ride given on Wednesday evening by a number of her friends. The party went to the Feterer home where a delightful evening was spent. Miss Egan leaves soon with her parents to make her future home in Garrett, Ind. The party was chaperoned by Misses Josephine Egan and Margaret Dwyer.

A very pretty birthday party was given in honor of little Griffith Houser of Columbus and Master Benjamin Miller of Newark at the home of their grandparents, Mr. and Mrs. B. C. Schilling of Oakwood avenue. Little Griffith Houser celebrated his sixth birthday anniversary on that day. The hours were spent in games and a peanut hunt and luncheon was served in the dining room. Here the decorations were in gold and white. Pumpkins adorned the walls and the table centerpiece was the birthday cake with six candles. A large pumpkin was filled with miniature pumpkin favors to which were attached ribbons running to the place cards.

The children present were: Fred Provins, Frederick Hatfield, Orville Hobbs, Earl Laughman, Truman and Walter Hobbs, William, Edward and Harry Scanlon, Paul Wilson, Ralph Jackson and little Virginia Houser of Columbus.

Lewis B. Montgomery, 34, farmer, Johnstown, and Della F. Cooper, 24, Granville. Rev. L. C. Sparks to officiate.

George De Frieze, 22, clerk, Newark, and Atta J. Miller, 19, Rocky Fork. Rev. J. H. Miller to officiate.

TOWNSHIP CLERK IS SHORT \$4,238 SAYS EXAMINER

(Associated Press Telegram)
Columbus, Oct. 3.—By means of forged warrants, falsification of accounts and raising of bills, taxpayers were robbed of \$4,238.77, according to a report on irregularities in the office of Isaac Osburn, deceased clerk of Marion township, Marion county, who committed suicide recently upon learning that an investigation was to be made of his books by state examiners, made to the state accounting bureau Friday by Examiner Calvin P. Godfrey.

The examiner found that forged warrants had been issued against school funds to the amount of \$1,692 and against township funds to the amount of \$2,546.75. A total of \$54 had been obtained by raising orders. The estate of Osburn, Edgar Bush, the township treasurer and the Marion County Bank which was depository for the funds are held to be liable for the shortage.

Examiner Godfrey says that since January 1, 1911, the affairs of the school district and township have been discreditably marked by all kinds of corruption. Warrants have been paid on signatures of officials, of teachers, business men, laborers, which turned out to be forgeries.

Bills were also presented and paid bearing names of unknown persons, undoubtedly fictitious.

POSTPONES THAW MATTER.

(Associated Press Telegram)
Washington, Oct. 3.—Solicitor Folk of the state department today postponed the announcement of his decision with respect that the petition which Harry Thaw lodged with the state department asking that the British embassy be asked to explain the action of the Canadian authorities in forcing Thaw out of Canada.

While no comment was forthcoming from the state department officials it was recalled that Mr. Bryan, on request of the authorities at Albany, transmitted their request for Thaw's deportation to the British ambassador "with a view to such action as the Canadian authorities may find themselves justified in taking."

PAIN AROUND THE HEART

Means Gas on the Stomach Not Cardiac Heart Disease.

That pain around your heart means pressure of gas, the result of indigestion, is does not mean heart disease. Pain in the region of the heart is almost never caused by organic heart trouble.

Enough for the stomach is the one thing needed. Dr. Williams' Pink Pills, one after each meal, and a little case in the desk will correct most cases.

Dr. Williams' Pink Pills are a tonic and positively strengthen and purify the blood. The renewed blood restores the digestive organs and gives relief that is permanent.

This is the tonic treatment for indigestion. You can begin this treatment today and start on the road to health by getting a box of Dr. Williams' Pink Pills for Pale People from the nearest drug store.

WHAT IS AMI?

"Ami," the \$10,000 doll which has excited much speculation here during the past few days at Norton's, will be seen in the Stewart Bros. & Alward Co.'s Arcade window tonight and tomorrow afternoon and night.

At 9:15 tomorrow night the question whether Ami is man or machine will be answered. If he's a man he's a very fine machine. If he's a machine he's very humanlike. "Ami" is a wonder.

About as many people say he is a machine as do those who insist that Ami is a human being.

DAVIS BELIEVED UNION SOUGHT TO GET RID OF HIM

(Associated Press Telegram)

New York, Oct. 3.—What use will be made of the startling confession of George E. Davis, union iron worker and dynamiter, depends largely upon the outcome of the cases of Frank M. Ryan and other officers of the International Association of Bridge and Structural Iron workers now on appeal in the federal court.

Walter Drew, counsel for the National Erectors' Association, whose pursuit resulted in the arrest of Davis here, said today that if Ryan and his associates gained a new trial Davis' revelations would be the government's most formidable weapon.

Drew intimated that the arrest of Davis and of Harry Jones, secretary-treasurer of the Iron Workers' Union did not end the task of the Erectors' Association, Jones, according to Davis, did much of the office work in connection with the dynamiting of a dozen bridges and steel frame buildings in east.

According to Drew, Davis received no promise of immunity or any favors in return for his sweeping admission. He added, though, that the National Erectors' Association had been paying him, since he gave up, what he could have earned at his trade—about \$5 a day. Part of this money is going to Davis' wife who lives here.

Davis told Detective Robert Foster who arrested him, that several times while he was at work in the recent months, beams dropped near him, and just before he gave himself up in Pittsburgh, a big piece of steel from above grazed him by inches. This convinced him that the union wanted to get rid of him because it feared he would turn traitor.

The man who has more money than brains is the one who hasn't brains enough to hang onto it.

DON'T USE PINS ON THE BABY'S CLOTHES

New System of Baby Dressing by the Vanta Idea Without Pins or Buttons.

Free Demonstration This Week. Pins and buttons on a baby's garments are almost criminal. Most pins are made of brass and brass is poison. The points of steel pins rust and rust causes blood poison.

They are unnecessary. The wounds and accidents and troubles they cause are needless.

Learn today how you can get along without them. At the baby goods departments of John J. Carroll, Meyer & Lindorf, W. H. Mazy Co. Any mother, any nurse, any big sister—any woman interested—may have a free demonstration of the new way of dressing baby without the use of a pin or button, with

Vanta Baby Garments

Go today and learn how to abolish all pins and buttons from baby's wardrobe. Each Vanta Garment—Vest, Bodysuit, Bodysuit and Bodysuit—Brand, Gertrude and Anna—dominal Binder—is guaranteed the highest quality made, and if not perfectly satisfactory, you can take it back and your money will be cheerfully refunded.

Do not use old-style, antiquated shirts on your baby a day longer. Go today to see the Vanta Idea. Present this coupon for Free Pattern of the Vanta Pinless, Buttonless Diaper.

FREE COMPLETE PATTERN of the Scientific Pinless, Buttonless Diaper

Simply present this coupon at the Baby Goods department of any Dry Goods Store and secure the Pattern with full directions.

Will you visit our new department for REAL LACES and let us show you why you can no longer class Real Lace as a Luxury beyond your means?

We are prepared to show not only that you can afford to own beautiful Hand-made Laces, but also that it is really much more economical for you to buy Real Laces in preference to the machine-made.

First of all, let us show you the many fine Real Lace pieces we have gathered for you—collars, yokes, medallions, yard laces and so on. Let us show you what astonishing little prices we ask for them.

COME IN AND GET ACQUAINTED WITH THIS NEW DEPARTMENT.

John J. Corroll

You'll Welcome The Good Furniture The Brilliant Company Sends to Your Home

With confidence of having secured the very best values money can buy—of bringing into your home Furniture that will stand the test of time.

"Easy Payments"

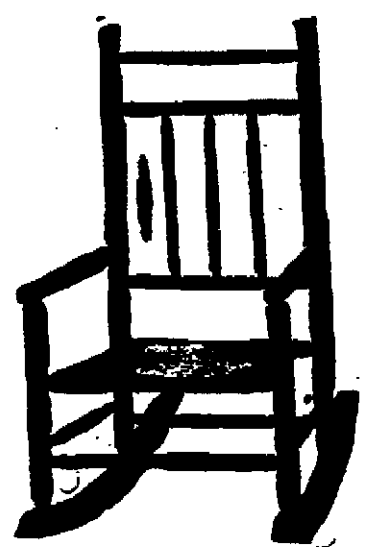

It makes no difference to us how small a salary you receive we will give credit to you for the household furnishings you want just the same, and guarantee the payments to suit the amount of money you earn. Our policy is to co-operate with the buyer and build up our business on the good will of the people who trade with us.

Special for Saturday and Next Week

With every Hasting or Boone Kitchen Cabinet we will give free of charge, one thirty-three piece dinner set. This offer holds good for SATURDAY and NEXT WEEK ONLY.

Extra Saturday Special

Children's Rockers—Exactly like cut, only.

PEARL CARTER FAILS TO WIN

Pearl Carter was unable to "come back" after two nights' rest from the unfinished race of Thursday afternoon and Frank Ananias, McKay's bay gelding, won the fifth heat and the race Friday afternoon. The winner of the event tied with Pearl Carter in four heats raced Thursday. The finish was as follows, the first four being in the money:

Frank Ananias, Pearl Carter, Jodge D. Dorothy and Billy O'Connor.

LANGFORD VS. JEANNETTE.

(Associated Press Telegram)

New York, Oct. 3.—Sam Langford and Joe Jeannette, two leading heavyweights, will meet for ten rounds here, tonight, to decide which will box Jack Johnson in Europe next December. Langford has already been matched with Johnson, but Jeannette has been told that a victory over the Bostonian would result in his being substituted for the Johnson bout.

Too many of us ride a hobby without an emergency brake.

It's false economy to use cheap-looking stationery. You can't go wrong if the Advocate prints it

"Onyx"

Hosiery

The "Onyx" Brand will give better wear than any hosiery known. For Men, Women and Children, from 50c. to \$5.00 per pair. In any color or style you wish from Cotton to Silk. Be sure to look for the trade mark shown above stamped on every pair. Sold by all good stores.

LORD & TAYLOR Wholesale NEW YORK

NOSE AND HEAD STOPPED UP FROM COLD OR CATARRH, OPEN AT ONCE

My Choking, Sneezing, Itching Nose Impaired by Colds, Nose, Head and Throat—Stops Runny Catarrhal Discharges. Balm Headache Goes.

Try "Ely's Cream Balm."
Get a small bottle anyway, just to try it—Apply a little in the nostrils and instantly your clogged nose and stopped-up air passages of the head will open; you will breathe freely; dullness and headache disappear. By morning the catarrh, cold-in-head or catarrhal sore throat will be gone. End such misery now! Get the small bottle of "Ely's Cream Balm" at any drug store. This sweet, fra-

grant balm dissolves by the heat of the nostrils; penetrates and opens the inflamed, swollen membrane which lines the nose, head and throat; clears the air passages; stops nasty discharges and a feeling of cleansing, soothing relief comes immediately.

Don't lay awake tonight struggling for breath, with head stuffed; nostrils closed, hawking and blowing Catarrh or a cold, with its running nose, foul mucus dropping into the throat, and raw dryness in discharging but truly needless.

Put your faith—just once—in "Ely's Cream Balm" and your cold or catarrh will surely disappear.

NEW PIANO PLAYER IS DEVICE OPERATED BY ELECTRIC CURRENT

There is now on display here for the first time, one of the most marvelous and unique of modern inventions. It is the Tel-electric piano player, being exhibited in the H. D. Munson music store window, in West Main street. The mechanism is a wonder of scientific construction, by means of which any piano may be played from an electric connection with the device supplied with power from an ordinary electric light socket. To describe the mechanical construction would be a matter of deep technical knowledge, although it employs the simplest rules of electrical appliances. The music is made by communicating to the piano those impressions formed by connections that are made when tiny metal fingers drop through openings in the sheet brass music rolls. Automatically the expression is completely regulated, although there are appliances for modifying these to suit the operator. The instrument is attracting considerable attention, and is labelled, "Played in Newark."

FRENCH PRINCE VISITS LIMA, PERU

(Associated Press Telegram)
Lima, Peru, Oct. 3.—Prince Louis Philippe, Duke of Orleans and royalist pretender to the French throne, arrived here today. He is travelling incognito under the title of the Count De Villiers.

Before the duke left Europe it was said that his wife who before her marriage in 1896 was the Archduchess Marie Dorothea Amalia of Austria, was about to seek a divorce demanding alimony of \$16,000 yearly and the return of \$35,000 she had spent on the duke.

ENDS BACKACHE AND KIDNEY DISORDERS

Croxone Helps Lifeless Organs Regain Health, Strength Activity

It is useless, dangerous and unnecessary to be tortured with the digging, twisting pains of backache or suffer disagreeable kidney and bladder disorders when Croxone is guaranteed to promptly and surely relieve all such misery.

Croxone masters these troubles because it quickly reaches the cause of the disease. It soaks right into the stopped up, inactive kidneys, through the membranes and linings; cleans out the little filtering glands; neutralizes and dissolves the poisonous uric acid and makes the kidneys filter and sift from the blood the waste and poisonous matter that clog the system and cause such troubles.

It does not matter whether you have but slight symptoms or a chronic, aggravated case, it is practically impossible to take Croxone without results.

An original package of Croxone costs but a trifle, and all druggists are authorized to return the purchase price if you are not entirely satisfied the very first time you use it.

See Ami, the \$10,000 Mechanical Doll, in our Arcade window Friday afternoon, Saturday afternoon and evening.

ST. LOUISVILLE

Mrs. Ellen Kerrigan and Miss Marie Kerrigan of Newark Mrs. Mary McNamara and son of Streator Ill. and Mrs. Weber of Dayton, Kentucky, and Mrs. V. V. Overturf of Newark spent Thursday with Mr. Will Kerrigan and family.

Miss Jennie Warman of Columbus spent last week with her aunt, Mrs. Ellen O'Hannon.

Mr. and Mrs. Sanderson of Mt. Vernon are spending the week with relatives here.

Mr. and Mrs. Ora Jewell of Utica spent Sunday with the latter's mother, Mrs. Ann Shank.

Mrs. Clyde Marriott and sons spent Saturday and Sunday with friends in Bremen.

Miss Ira Hays spent Thursday evening with Miss Helen Nicola in Newark.

Mrs. Rena Berger was a Newark visitor Saturday.

Mr. and Mrs. D. Angel and son of North Baltimore, O. spent Wednesday with Mrs. Rena Berger.

Some of us want our bread buttered on both sides. In fact, even love grows cold when it is only on one side.

ONE WOMAN REGISTERS; SIXTY MEN

But one woman in Newark availed herself of the right of suffrage by registering Thursday for the municipal election November 4, when they will be permitted to vote for members of the school board. She appeared before the officials of a West Newark precinct where she qualified as a school board elector and went on record as being the first woman to register this year and the only one thus far.

Thursday's registration was marked by apathy on the part of the voters of the city. In many of the precincts no voters were registered at all, though the registrars were on duty from 8 a. m. to 2 p. m. and from 4 until 9 o'clock p. m.

The registration averaged about two to a precinct, less than sixty names being added to the lists.

FEEL YOUNG!

It's Dr. Edwards' Olive Tablets for you!

Beware of the habit of constipation. It develops from just a few constipated days, unless you take yourself in hand.

Coax the jaded bowel muscles back to normal action with Dr. Edwards' Olive Tablets, the substitute for calomel. Don't force them to unnatural action with severe medicines or by merely flushing out the intestines with nasty, sickening cathartics.

Dr. Edwards believes in gentleness, persistency and Nature's assistance.

Dr. Edwards' Olive Tablets open the bowels; their action is gentle, yet positive. There is never any pain or griping when Dr. Edwards' Olive Tablets are used. Just the kind of treatment old persons should have.

Dr. Edwards' Olive Tablets are a vegetable compound mixed with olive oil, you will know them by their olive color. Take one or two occasionally and have no trouble with your liver, bowels or stomach. 10c and 25c per box. The Olive Tablet company, Columbus, O.

WELSH HILLS.

Mrs. John Darks who has been quite sick is doing better at this writing.

Mr. Arthur Osborn and family of near Jersey, passed through this place in their auto Sunday afternoon.

Miss Viva Young called on friends here Thursday afternoon.

Mr. Rector of Chicago, called to see Mrs. Philip Phillips, Sunday.

Mrs. Elma Hankinson has been quite sick for the past week. Dr. Follett of Granville, is the attending physician.

Mr. and Mrs. William Palmer of Granville, called to see the former's sister, Mrs. Carey Evans, Sunday afternoon.

Farmers are busy cutting corn and doing their fall seeding.

Mr. and Mrs. George Barber called to see their aunt, Mrs. L. B. Seales, who is sick, Sunday afternoon.

Mr. Henry Williams called to see his sick neighbors Tuesday morning.

Mr. and Mrs. Howard Butcher and daughter Catherine, of North Street, attended church here Sunday morning.

Mrs. Howell Richards is boarding the men that are working on the gas well on Mrs. Wm. Hankinson's farm.

Mr. and Mrs. Jack Davis entertained Miss Martha Price and brother Frank, also Mr. Deer, after church Sunday.

Byron Williams moved his hay bailer from the O. W. Channell's farm to Mr. W. M. Palmer's farm on Burg Street, Tuesday.

CENTENNIAL

Miss Nellie Pierpont spent Saturday afternoon with Mabel and Marie Riley.

Mr. and Mrs. E. C. Alsapach were Newark visitors Saturday.

Mr. S. W. Haas and Mary Eagle attended the Mt. Vernon fair Friday.

Mr. and Mrs. Eli Wince and son George, Mr. and Mrs. L. E. Alsapach and son Kenneth were guests of John Wince and family Sunday.

Mr. and Mrs. Albert Riley and Mr. and Mrs. Menno Kauffman visited Mr. and Mrs. Lester Peters at Croton Sunday.

Mrs. Reba Riley spent a few days last week in Columbus and on returning home Saturday evening was greatly surprised to find a large number of her friends waiting for her to help celebrate her eighteenth birthday. She received many beautiful and useful gifts. Those present from a distance were Miss Jessie Boggs and Mr. Loyd Riley of Columbus.

LISTEN! SALTS, PILL AND CALOMEL USERS

Here's a treat for your poor old Liver and Bowels—Act like velvet—Only penny a dose.

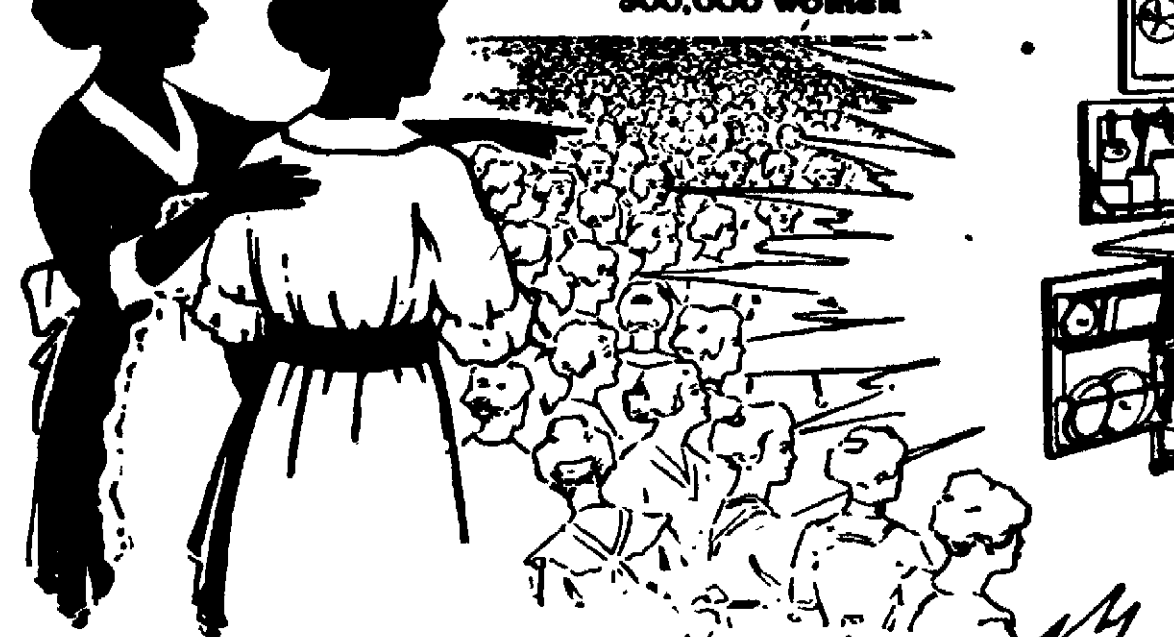

Just once, try Vegets tonight. They cost a penny a dose but are worth a dollar to any bilious or constipated soul, because they move the bile from liver and constipated waste from bowels so gently that you never realize you have taken a cathartic. No griping, no discomfort next day. I promise you will wake up with a clear head, clean tongue, sweet stomach, breath pure and your liver and bowels active.

Vegets are harmless because they are made entirely from vegetables, no drastic drugs. You'll never again take calomel, salts or violent pills, after you know the velvet smoothness and thorough action of Vegets.

Get a small trial package at any drug store. Don't be talked into anything else. Get Vegets, just once.

Grasp Your Opportunity

to own the Famous Hoosier Cabinet used and praised by 500,000 women

Only 50 Women Can Join This Hoosier Club

Opens Saturday Morning at 8 O'Clock
With An Exhibit of 50 New Hoosiers

Cabinet Delivered Immediately Memberships Only \$1 \$1.00 Applies on Low National Price

Only Complete Cabinet

Every device that is practical for work-saving in a kitchen has been tested by the Hoosier Company. The Hoosier Cabinet is the scientific result of all these experiments. It is the most important and complete labor-saving machine so far invented for women. It is the only kitchen cabinet that is complete.

Amazingly Low Price

After seeing it, you will marvel at the price, as does every cabinet maker. Yet the explanation is simple. Four thousand agents take the output months ahead—selling expense saved. The factory runs all year on one product—factory overhead cost saved. The standard low price is quoted all over America by the Hoosier Company to give you full benefit of the saving. And you get this low price on paying a single dollar now.

Remember, 8 A. M.

Do you wonder that women who know about this cabinet are waiting to enroll for these few Hoosiers? You are sure to be disappointed if you delay—so don't postpone.

You know in your heart now you hate the eternal drudgery of kitchen work. Banish it forever by becoming a Hoosier member.

The women who grasp this opportunity will be glad all their lives. Enroll with them early Saturday before it is too late.

We will open the club promptly at 8 a. m. Saturday. All Hoosiers will be exhibited. Let other things wait, and be on hand early. You can have your Hoosier before noon if you enroll right away.

Ordinary pantries and cupboards make steps, the Hoosier saves them. Let us fit one into your kitchen Monday.

The time it saves also gives you a chance to do the things you want to do, and for the rest that keeps you well, contented and happy.

Club Terms Apply Only During This Sale After That, Our Regular Terms Will Prevail

Notice of Sale of Bridge Bonds.

Notice is hereby given that the Commissioners of Licking County, Ohio, will receive sealed bids until 12:00 o'clock noon, of the 25th day of October, 1922, for the purchase of bonds of said county aggregating the sum of \$21,000.00 for the purpose of providing funds for the construction and repair of bridges in Licking County, Ohio, and in anticipation of the collection of taxes to be levied with which to pay said bonds and interest thereon. Said bonds are to be issued under and by virtue of the authority of section 494 of the General Code of Ohio and in accordance with a resolution of the County Commissioners of Licking County, Ohio, adopted on the 16th day of September, 1922.

Said bonds will be dated November 1st, 1922, and numbered consecutively from 3001 to 3050, inclusive, and will bear interest at the rate of five and one-half per cent per annum payable semi-annually on the first day of May and November of each year, and principal payable at the office of the Treasurer of Licking County, Ohio.

Said bonds are to be in denominations of \$100 each, twenty-four of which bonds will fall due on the first day of November of each of the years 1923 and 1924.

Said bonds will be sold to the highest and best bidder for not less than par and accrued interest. All bids must state the gross amount of the bid and a cured interest to the date of delivery.

All bids must be accompanied by a certified check for ten per cent of the amount of the bid, payable to the president of the Board of County Commissioners of Licking County, Ohio, on condition that if the bid is accepted the bidder will take up and pay for said bonds according to his bid otherwise the check to become the property of Licking County, Ohio.

The Board of County Commissioners of Licking County, Ohio, reserve the right to reject any or all bids.

By order of the Board of County Commissioners of Licking County, Ohio, C. L. RILEY, Auditor of Licking County, Ohio.

Notice of Sale of Bonds. Notice is hereby given that the Commissioners of Licking County, Ohio, will receive sealed proposals until 12:00 o'clock noon, of the 25th day of October, 1922, for the purchase of bonds of said county aggregating the sum of \$10,000.00 for the purpose of providing funds for the improvement of a certain road in said county, and in anticipation of the collection of taxes and assessments made and to be made with which to pay said bonds and interest thereon. Said road being known and described as follows: Beginning at the intersection of the east branch line of the County of Licking and the National Road, thence west along the National Road for a distance of about 30 miles in Hope well Township, Ohio, and thence north along Union Harrison and Ethna townships.

Said bonds are to be issued under and by virtue of the authority granted in Section 1223 of the General Code of Ohio and in accordance with a resolution of the County Commissioners of Licking County, Ohio, adopted on the 10th day of September, 1922.

Said bonds will be dated November 1st, 1922, and numbered consecutively from 1 to 100, inclusive, and bear interest at the rate of five per cent per annum payable semi-annually on the first day of May and November of each year, and principal payable at the office of the Treasurer of Licking County, Ohio.

Said bonds are to be in denominations of \$100 each, 25 of which bonds will fall due on the first day of November, 1923, and 15 of which bonds will fall due on the first day of November, 1924.

Exclusive Hoosier Features

1. You can clean the metal flour bin without inconvenience of removing. No other bin has this feature. Easily filled, because the top is low. Holds 15 pounds more than any other. Best and fastest sifter.
2. Can't-break, can't-leak, metal, dust-proof sugar bin.
3. Pure aluminum table at no extra charge; costs manufacturers ten times as much as zinc. Enormous output keeps sale price less.
4. You can open all doors freely, no matter what you pile on the table, because it slides out.
5. Crumbs can't stick in the new metal self-closing bread and cake box.
6. Flavoring extract bottles have special shelf.
7. You can't lose the new swing lids on 100 pieces of glass, crystal glass, coffee, tea, salt and cereal jars.
8. Sixteen inches extension over the base when you slide out the table. Plenty of knee room for sitting.
9. Comes apart to clean; closes tightly when not used.
10. Pick your choice of white or plain inside upper section. All-metal table, or oak side arms.
11. Interior construction that is not equaled anywhere—will last a lifetime.
12. And among the minor details—big cupboards; sliding shelf; drawers for linen, cutlery; pan racks; meat board; rolling pin rack; hooks; wast list, and scores of practical conveniences.

You can't begin to appreciate them all until you see them.

Pine Tree Timothy Seed

PURITY 90% PERCENT. The economy of sowing High Grade Extra Refined Timothy Seed explains why "PINE TREE" has met with such favor and increasing demand among the farmers in the grass growing sections of the U. S. A. and Canada.

Put up only in machine sowed bags sowed with red string.

CROWDS

(Continued from Page 1.)

feared that he had had seventeen Thursday evening explains why the cream disappeared so rapidly.

Ami and made in Newark show will continue to be the attraction Friday afternoon and evening and through Saturday until 9:15 o'clock when the show ends and the mystery of the "thing" in the Arcade window will be explained.

The combination button exhibit is attracting much attention among the ladies. Each button is made from two different pieces of foods. Any kind of silk or cloth can be used for either rim or center, and the buttons are made in all sizes.

Additional exhibits placed in position Thursday and Friday included a brace of pistols manufactured by Burke and Minkwitz of 30 South Morris Street. They are made of steel and brass machined with the limited facilities of these shopmen but they are perfect and accurate.

C. T. Bricker of the City Drug store placed a display in the Singer Sewing Machine office showing a large number of proprietary medicines manufactured by this drugist.

Samuel Holton, well known concrete worker, placed a dozen fine cement blocks on display Friday morning made in Newark with Newark labor.

J. D. Keeley contributed to the display by showing the framework of a skylight, manufactured in his shop.

These displays brought the total to 69.

MADE IN NEWARK

"Ami," the wonderful doll, after last night's exhibition in Norton's window, was taken down the Arcade and Annex and back to Norton's store.

At 9:15 tomorrow night everybody will know for certain whether "Ami" is a man or a machine. Opinions differ. "If 'Ami' is a real doll he is the most lifelike ever invented. Ami has all the folks guessing.

The Made in Newark show will end tomorrow night, after a successful week that far exceeded all expectations.

The manual training and domestic science exhibit is small but it is a delightful surprise to everybody. It is probable that a special exhibit by the schools will be given after the Christmas holidays.

The Made in Newark show drew a tremendous crowd last night, notwithstanding the rain.

The "Made in Newark" music by the Buckeye Band in the Arcade last night was fine.

Sixty-nine exhibitors now have displays at the Made in Newark show. Some manufacturing town is Newark.

PROBATION OFFICER OPPOSES PAROLE OF CLEVELAND GIRL

(ASSOCIATED PRESS TELEGRAM) Cleveland, Oct. 3.—If Governor Cox accepts the recommendation of Mrs. Miriam Livingston, probation officer, he won't parole Rosie Fox, 14, of Cleveland, from the Girl's Industrial School at Delaware. Mrs. Livingston today wrote the governor.

It is her opinion that in view of the poverty of the girl's home life, and her extreme youth, she will be better off in the school.

The case of the Fox girl attracted attention when her sister, Mary, 17, wrote to Governor Cox, complaining that Rosie was being kept a prisoner at the school on a charge of delinquency while Ladus Plezney, charged with contributing to her delinquency, was freed from imprisonment after three weeks of service.

LOCK

Mr. and Mrs. Lester Myers were over Sunday guests of Mr. and Mrs. Will Myers of Pataaskala.

Mr. and Mrs. Charles Trout of Johnstown called on Mrs. Mary Trout Sunday.

Mr. and Mrs. Louis Shipley and family of Appleton were Sunday visitors at Bart Shipley's.

Mr. and Mrs. Nelson Carpenter of Fredonia were over Sunday guests of Mr. and Mrs. Newton Schultz.

W. D. Stoughton, while riding in his auto near Granville Friday, and attempting to pass a rig, the machine turned turtle. He jumped and escaped with a badly injured hand. The machine was damaged considerably.

Mrs. Mary Trout called on Mrs. Burr Jackson of Appleton Monday.

Miss May Mitchell visited with relatives at Mt. Vernon last week and attended the fair.

Orley Bird and family attended the Mt. Vernon fair Friday.

Lee Hatch of Appleton was a caller at the home of his sister, Mrs. Myers, Thursday evening.

Thurs Cypha Hall of Columbus was a guest of Mrs. Mitchell and family Saturday.

Mr. and Mrs. Ralph Shuff were London street visitors Friday.

Miss Mabel Brzill was at Newark Tuesday shopping.

Roy Simmons of Columbus called on Joseph Lamoore and family Thursday.

Mr. and Mrs. Charles Hatfield were Homer visitors Saturday evening.

FREDONIA

Russell Farmer, little son of Geo. Farmer, is quite ill at his home here.

Mrs. Kate Gosnell, Mrs. Sarah Brooks spent Thursday with the latter's mother, Mrs. Dunsmore, near New Way.

Mr. Geo. Carpenter has returned from a pleasant visit with relatives in New York.

Miss Maude Brande of Lock is visiting her sister, Mrs. Nelson Carpenter.

Mrs. Harry Williams and daughter Dorothy are visiting in Terre Haute, Ind.

Mrs. Wilbur English and Mrs. Nelson Carpenter spent Thursday in Newark.

Miss Amy Pease of Newark is visiting Mrs. Geo. Ellis.

Mrs. Geo. Carpenter spent Friday in Newark.

Mrs. Paul Griffin spent Sunday with her sister, Mrs. John Walsh, at High Water.

Mr. and Mrs. Geo. Vogelmeier of Newark spent Sunday with Mr. and Mrs. Wilson.

Mr. and Mrs. Chas. Willard spent Saturday in Newark.

Dr. Rutledge of Johnstown spent Tuesday here.

Miss Goldie Willard and Mrs. Wilson spent Saturday in Newark.

Mr. and Mrs. Dillon Cramer entertained Sunday Mr. Lester Gosnell and Mr. Crown of Columbus. Mrs. Kate Gosnell, Mrs. Jennie Carpenter, Mr. and Mrs. Chas. Carpenter and Mrs. Mary Chilcote.

Delegates Discuss Good Roads Problems

(ASSOCIATED PRESS TELEGRAM)

Detroit, Mich., Oct. 3.—The American Road Congress, in session here, set today aside as "Michigan Day" and the program was given up to the annual convention of the Michigan state good roads association.

Practically all of the speakers were Michigan men and the discussion included the following topics: "Rural life and good roads; road legislation and how to get it; state grange and good roads; uses of prison labor in road construction; storm centers to be avoided in campaign for good roads and trunk line roads.

GALLERY FELL CARRYING OVER 100 PEOPLE 15 FEET

(ASSOCIATED PRESS TELEGRAM)

New York, Oct. 3.—Over a hundred persons fell fifteen feet in a screaming mass in an uptown hall today through the collapse of a gallery. Several were injured. The hall was being used as a synagogue.

Though many were shaken up, the injuries of only four were serious. Ambulances summoned were not needed, as only one of the injured would go to the hospital.

The structure sagged slowly at first, giving those below ample time to run from under it. The slow fall also saved those it brought down from more serious hurts. The hall was crowded and panic prevailed, until it was determined that no one had been killed.

According to a census taken of Harlem in March last the population of the city was 68,000—48,153 males and 19,847 females.

YARD ENGINE CRUSHES LEG OF EDGERLY

Charles Edgerly, age 22, of Appleton, narrowly escaped death Thursday night about 8 o'clock when he stepped in front of a Pennsylvania yard engine at the crossing at Fifth and Walnut streets. He was knocked down, the engine passed over his right leg. It was crushed so badly between the knee and the ankle that amputation was found necessary. The operation was performed by Dr. Davis at the Sanitarium.

Edgerly in company with a companion, started across the railroad tracks and stepped from behind a box car directly in the path of the approaching engine.

A call was sent for the Bazler & Bradley ambulance and the injured man was hurried to the Sanitarium where the operation was performed immediately. Barring complications, Edgerly will recover.

He came to Newark Thursday in an automobile to attend the county fair and races.

RELATIVES ORDERED AUTOPSY TO QUIT RUMORS OF SUICIDE

To quiet the rumors circulated immediately following the death of Miss Lina Shaffer of Homer, which occurred Wednesday, relatives ordered an autopsy to determine the cause of death. Physicians found that a cerebellar hemorrhage produced a blood clot, causing apoplexy.

The autopsy was performed by Dr. F. C. Larimore of Mt. Vernon, who issued the following statement Thursday:

"In the presence of physicians from Homer, Newark and Appleton, and three nurses from the Mt. Vernon hospital, the autopsy was held by me. It was found that a hemorrhage had occurred in the right lobe of the cerebellum or little brain. A blood vessel had ruptured, leaving a blood clot the size of an unshelled walnut. Other organs were examined and found normal. Cause of death cerebellar hemorrhage or apoplexy. Miss Shaffer complained of pain in her head—the only symptom. Miss Shaffer owned a farm, had money loaned and on deposit in a bank, but preferred work to idleness."

FATALITIES IN THE COAL MINES PAST 7 MONTHS

(Associated Press Telegram)

Washington, Oct. 3.—Fatalities in the coal mines in the United States during the first seven months of the year numbered 1,437, as compared with 1,439 in the same period last year, according to reports to the bureau of mines here. Pennsylvania leads the list with 163 deaths, an increase of 183 over last year. Of these, 380 were in the anthracite and 283 in the bituminous fields. West Virginia with 181 deaths shows a decrease of 72 over the fatalities in the first seven months of 1912. Then in color Ohio, 22; Illinois, 97; Alabama, 55; Colorado, 47; Indiana, 32, and Tennessee, 25.

LADY COOK WILL SPEAK ON SUBJECT OF "EUGENICS"

The now popular subject of "Eugenics," no longer discussed in whispers but now boldly tackled as one of the problems of modern civilization, forty years ago caused the arrest in Pittsburgh of the only titled American woman of Licking county birth. That woman, Lady Cook, formerly Tennessee Claflin, lived in Homer, this county, when a child.

Tennessee Claflin and her sister, Victoria Woodhull, now Mrs. John Biddulph Martin, were arrested nearly forty years ago while attempting to speak in the old Pittsburgh Opera House on social purity says the Pittsburgh Dispatch.

Lady Cook is scheduled to give a lecture on this same subject in the Carnegie Music Hall on the evening of Oct. 17, and she declares it is likely to be her last public appearance since she feels the weakness of age creeping upon her. Lady Cook has beautiful hair, as white as snow, and large blue eyes, which still flash as she warms to her favorite subject, the making of a better race of humanity.

"My sister and I were arrested 19 times, charged with obscenity, because we openly advocated the scientific propagation of humanity. But we were never convicted," said Lady Cook. "I wish I could speak every night as I have so much to say, but I would be content to die now, since I have lived to see the awakening of women. We women are beginning to understand our business, and we will not continue to bring unfit children into the world. Do not wonder that girls hesitate to marry now; they are waiting for Mr. Right to come. My one text, with which I begin all my lectures, is from the Bible, 'Know ye not that ye are the Temple of God and that the Spirit of God dwelleth in you? If any man defileth the Temple of God him shall God destroy, for the temple of God is holy.'"

Lima Beans Made Digestible.

There are many who cannot eat lima beans without having slight attack of indigestion. The next time you cook these beans try adding a pinch of soda in the water while they are cooking. They will agree with you perfectly if prepared in this way.

To be in politics is no place for the man who is too proud to beg and too honest to steal.

TARIFF BILL

(Continued from Page 1.)

Does not meet the expenses of running the government the expenses will be reduced.

One remarkable thing about the present tariff bill, a precedent, in fact, is that the senate cut the average rate of duty carried by the bill below that fixed by the house. Heretofore in the making of a tariff bill the house has slashed the rates, while the senate has then taken up the bill and readjusted the rates on a higher general average. The house bill carried a general average rate slightly below 30 per cent. This the senate cut a little over 4 per cent. The conference committee has raised the general average duty but slightly. The average ad valorem duty carried by the bill as perfected is about 27 per cent. The average under the present law is about 35 per cent.

Many Changes Considered.

The conference committee had to deal with 676 paragraphs on which there were disagreements. Some of these involved only the change of a word or a question of punctuation, but a majority of them represented differences in rates and a few were fundamental.

The house conferees also accepted the senate amendment fixing dates when the wool duties shall go into effect, which was one of the final stumbling blocks.

Raw wool will go on the free list on Dec. 1, and the reduced duties carried by the present bill will become effective on Jan. 1. The house bill proposed to make the wool duties effective immediately on the bill being signed by the president. The final action was an important concession to the manufacturers.

The senate won over the house also on controversial paragraphs in the schedule relating to cotton cloths and yarns. By this agreement slightly higher duties are given to certain coarser grades of cotton cloths and yarns by changing the classification.

Fur hats and frames, forms and other parts for the manufacture of such hats received a rate of 45 per cent. This matter affects the hat industry in Connecticut. The house fixed the rate at 40 per cent, the senate made it 45.

The silk schedule also was reopened, and the rate on silk partially manufactured from cocoons or wastes, not further advanced in manufacture than corded or combed silk, and silk noils, was reduced from 30 to 20 cents per pound.

The Metal Schedule.

Probably no single industry covered by the tariff bill suffered such reductions in duties as did the iron and steel industry. The house cut duties unsparringly, and then the senate followed by making still further reductions and increasing the free list.

The house, for example, placed a duty of 8 per cent on pig iron, spiegel scrap iron and scrap steel and like products and made ferro-manganese dutiable at 15 per cent. The senate free listed both of them, and the conference committee after a considerable deadlock yielded to the senate.

The senate also free listed slabs, blooms, loops and other products of iron more advanced than pig iron, which the house had made dutiable at 8 per cent. The conference agreed to this. The senate cut the duty on round iron or steel wire from 21 per cent in the house bill to 15 per cent, and the conference accepted the senate reduction.

Agricultural Schedule.

The conference committee agreed to the senate amendment, which struck out the 10 per cent duty on cattle provided by the house bill and the 10 per cent rate on sheep and transferring both to the free list. The conference committee also put wheat on the free list, where the senate had placed it, by striking out a duty of 10 cents a bushel provided by the house bill.

The house won a victory in the duty on lemons and other citrus fruit when the conference committee restored the classification based on the cubic feet of the containers in which such products are imported, which results in a slight decrease of the duty.

The senate also lost in the struggle over a proposed duty on bananas when the conference committee struck out the senate rate and restored bananas to the free list of the house bill.

Woolen Schedule.

Very few changes were made in the woolen schedule. The senate was sustained by the conference committee in its amendments fixing the dates when wool duties shall go into effect. Com-

In your hand you hold a five-cent piece.

Right at the grocer's hand is a moisture-proof package of **Uneeda Biscuits**. He hands you the package—you hand him the coin. A trifling transaction?

No! A remarkable one—for you have spent the smallest sum that will buy a package of good food; and the grocer has sold you the most nutritious food made from flour—as clean and crisp and delicious as it was when it came from the oven.

NATIONAL BISCUIT COMPANY

promises were made by the conference committee between senate and house rates, by which wool tops will bear a duty of 10 per cent and yarns a duty of 14 per cent.

The senate sought to reduce the duty on woolen blankets and to free list blankets valued at not more than 40 cents a pound, but the conference committee rejected the amendment, and all blankets will bear duty at 25 per cent ad valorem. The house rates of 50 per cent ad valorem on carpets and rugs were adopted by the conference.

A compromise was reached on the paragraphs relating to angora goat hair, alpaca, by which the hair will pay a duty of 15 per cent; tops from such hair, 25 per cent, and plushes, velvet and other fabrics, 45 per cent.

Sundries. The conference committee adopted the action of the senate, placing fulminates and gunpowder on the free list. There was a compromise on the paragraph relating to furs, but generally the house rates were restored.

The senate rates prevailed as to lace curtains and laces and the house won by having restored the paragraph in the house bill covering chamamo skins and glove leathers, by which the former were made dutiable at 15 per cent, and the latter at 10 per cent. There was a compromise on the glove schedule between senate and house rates and the senate's action in free listing harness, saddles and saddlery parts was approved by the conference committee, although the house bill had made them dutiable at 20 per cent.

The only substantial victory won by the house in the free list was as to free art.

Here are rates of the new tariff compared with the Payne-Aldrich law:

Sure Indications of Lung Trouble

Among the indications of threatened Lung Trouble are a continued cough, fever and night sweats. A change of climate often helps but it seems that some thing more is needed to stop the cough and cure the disease. For this reason, the doctor said I should go to Wyoming. I did, and when I got there I steadily grew worse. Then I remembered what had been told me about your medicine. I began taking it, with no faith whatever, but before I had taken three boxes, I could eat anything. Fever and night-sweats stopped and for over a year I have been well and in better health than I ever was.

(Above abbreviated; more on request.)

Ekman's Alternative has been proven by many tests to be a continued cough, fever and night sweats. A change of climate often helps but it seems that some thing more is needed to stop the cough and cure the disease. For this reason, the doctor said I should go to Wyoming. I did, and when I got there I steadily grew worse. Then I remembered what had been told me about your medicine. I began taking it, with no faith whatever, but before I had taken three boxes, I could eat anything. Fever and night-sweats stopped and for over a year I have been well and in better health than I ever was.

VETERINARIAN OF STATE REPUTATION VISITS BIG FAIR

Dr. G. W. Cliffe of Upper Sandusky, O., one of the best known veterinarians in the state, whose services are constantly in demand as a lecturer at state and district meetings of his fellow practitioners, was a visitor at the Licking county fair Thursday. Dr. Cliffe is one of the most enthusiastic horsemen in the country, and one of the most capable judges of thoroughbred and standardbred horses. For a number of years he was president of the Wyandot County Agricultural board and also president of the Jockey club races, when the latter club had a reputation of giving some of the best running meetings ever held in the state. Dr. Cliffe for a number of years has been known as one of the active Democratic leaders in the state and has been urged by his friends to present to the use of his name for consideration in the appointment of the state commissions, but he has been so wedded to his profession that he has refrained from seeking honors at the hands of his party. He is a thorough scholar, a deep student and is probably one of the best posted veterinarians in the United States on hog cholera and all pathogenic bacteria.

While in the city Dr. Cliffe called at the Advocate to pay his respects to Editor J. H. Newton and to congratulate him on his recent appointment as postmaster and assure him that it has met with popular favor in all sections of the state.

In October, 1912, the external debt of the Ottoman Empire amounted to \$645,000,000, France holding 57 per cent and Germany 25 per cent.

RHEUMATISM AND BRIGHT'S DISEASE

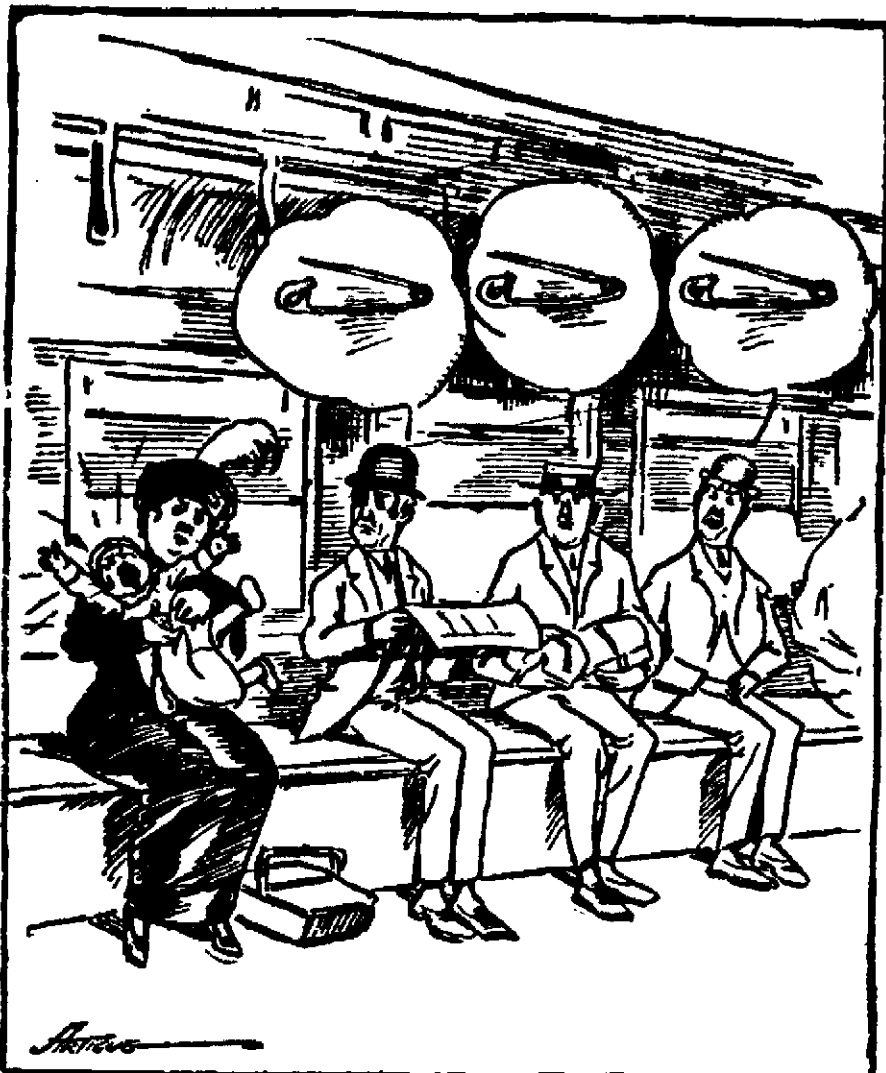

Prof. Budlong Was Quickly Relieved of Both Afflictions By Using Rheuma.

If you suffer from any form of Rheumatism, remember that RHEUMA goes to work quickly to remove the cause, not simply to relieve the distress. Many years' use has demonstrated that it goes to the seat of the disease and expels the poisonous matter through the natural channels—the kidneys, bowels, liver and skin.

"For many years I was troubled with Rheumatism, also with Bright's Disease of the Kidneys. I suffered awfully. Tried many of the best remedies. After using RHEUMA, I was fully cured."—Prof. C. J. Budlong, Sound View, Conn.

RHEUMA is guaranteed by Evans' Drug Store, which sells it for 50 cents a bottle.

HOW, WHAT'S WRONG WITH THAT BABY?

—Kansas City Star

JUG RUN.

Rev. J. E. Arblaster spent from Saturday till Monday with the members of the Perry church preached Sunday and Sunday night two grand sermons.

An optimist is merely a man who doesn't believe his warm friends are all dead.

Little Benny's Notebook

I was wawking last Mary Watkins house this afternoon and Puds Simkins sissy cuzzin Pery was setting awn the frunt steps with her, having a big rag and his face as if he was sum gud woman, and Mary Watkins sed, Hello Benny, and I sed, Hello Mary, how Pery, was the mattir with yure face, did sum-boddy hit you.

No, noboddy hit me, you meen thing, sed Mary Watkins, he's got a orill terribil tooth ake the poor boy. And she moved up closer to him as if she thawt he was sum rite instead of a dook with his be-jardil in the middel, wich he is, and Pery looked at her like a sick cat or sumthing, and I kepp awn wawking, thinking, The darn sissy.

After suppir I thawt of sumthing and I went up stairs and found a old bandidke and raied it erround my fingir as if sumthing was the mattir with it, only nothing was, and then I stuck my hand in my pockit so ma and pop woodent see it and went erround and Mary Watkins was awn her frunt steps agen, and I took my hand out of my pockit, the fingir having so much bandidke awn it I cood hardly git it out of my pockit, saying, Hello Mary.

Hello Benny, she sed, and I sat down alawnside of her and put my had awn my nee, thinking maybe she didn't see it, but she dident say anything, and aftir a wile I sed, Do you see eenything funny about me.

Do you meen yure fingir, sed Mary Watkins.

Yes, I sed, I hent it sumthing fearse, I pritty neer broak it.

Did you, sed Mary Watkins.

Yes, I sed, it hent, awl rite.

Duz it, sed Mary Watkins.

Yes, I sed, a hent fingir is werse then a tooth ake.

Is it, sed Mary Watkins.

I didnt say weathir it was or not, aid aftir a wile she sed, I gess I haff to go in now.

My fathir ject gave me a dime, I sed.

O, did he, sed Mary Watkins, how duz yure fingir feal now, lets take a wawk.

Wich we did, wawking tords the ice cream plase.

Daily Riddles

Questions.

1. Why is a butler like a mountain?
